# INSIDE AND OUTSIDE BARRIER OF PROTECTION

  
**Barrier**<sup>®</sup>  
for dogs and cats  
(imidacloprid + moxidectin)  
Topical Solution

**Introducing Barrier<sup>®</sup> (imidacloprid + moxidectin) Topical Solution for Dogs and Cats -- a low-cost generic Advantage Multi<sup>®</sup> designed to make you money and your clients happy.**

Barrier is the once-a-month topical solution for the prevention of heartworm disease your clinic has been requesting. Besides proven heartworm prevention, Barrier economically treats:

- Problematic circulating microfilariae
- Adult fleas and flea infestations
- Sarcoptic mange
- Intestinal parasite infections in dogs and cats

And with Aurora's **Best Price Always** commitment, your clinic will always be the best-priced option for your pet owners.

As we journey into 2024, HSB Veterinary Supply, is in the process of upgrading our ERP and our website. These improvements will make it easier for our customers, using an ecommerce platform to replenish their inventory.

Don't forget, HSB has knowledgeable sales consultants who are available to assist you with your order and answer any questions you may have.

HSB remains family owned and operated, our objective is to maintain our independence and continue our long-term growth. Being family owned, HSB combines flexibility and speed thanks to its size and strong values, deeply rooted entrepreneurial drive, innovation and team spirit while being a socially responsible company.

We look forward to servicing your needs in the upcoming year, standing behind  
**LARGE ENOUGH TO SERVE SMALL ENOUGH TO CARE!!**

## The **MAXI/GUARD**® Line...

*Improving the lives of animals through innovative and exclusive veterinary technologies.*

### Dental Health Solutions for Every Situation

#### **MAXI/GUARD**® Oral Cleansing Gel

*Recommended for:*

- Advanced Periodontal Cases
- Post Surgery
- Pre and Post Prophylaxis

#### **MAXI/GUARD**® OraZn®

*Recommended for:*

- Maintaining Oral Health
- Tough Pet Acceptance Cases
- Post Prophylaxis for All Pets

Both **MAXI/GUARD**® Oral Cleansing Gel and **MAXI/GUARD**® OraZn® are very effective home dental care products that can be used with or without brushing. When used properly, they can extend the time between professional dental prophylaxis.

### Safe & Effective Control of Chronic Yeast Otitis

#### **MAXI/GUARD**® Zn4.5 Otic™

- Safe for Use with a Ruptured Tympanum
- Resolves Itchy Ears
- Non-Steroidal/Non-Antibiotic
- Scent Free – Not Oily or Greasy

**Zn4.5 Otic**™ can also be used for long-term maintenance to prevent many ear problems associated with Otitis Externa.

### Exclusive Zinc-Based Skin Care

#### **MAXI/GUARD**® Zn7™ Derm

*Aids in the Healing of:*

- Hot Spots
- Feline Chin Acne
- Moist Incisions
- Post Surgery Wounds
- Foot Pads

**Zn7**™ Provides: Relief from Itching, Tissue, Friendly pH, Enhanced Follicular Regeneration – Without the Use of Steroids or Antibiotics

50-count jar (12 per case)

## Creative Science

### Breathalyser Plus

Drinking water additive for dogs. Adding just two capfuls per quart of water (10 mL/L) each day helps reduce tartar buildup while freshening the pet's breath. This enhanced formula provides a specific proteolytic enzyme (Emilgase) and Zinc Gluconate to help reduce the sources of foul-smelling breath without brushing. 500 mL

### Cough Tablets

Expectorant, antitussive and cough suppressant for temporary relief of cough symptoms in dogs and cats. Each tablet contains guaifenesin 100 mg and dextromethorphan hydrobromide 10 mg. 250/bottle  
1,000/bottle

## nexderma

**Silvet Spray** – Can be used as a cleanser and is great for ulcerated wounds; provides in fighting against gram-positive and gram-negative bacteria, fungi and yeast. 25 mL, 100 mL

**StatBond** – Medicinal skin glue tissue adhesive used to glue and adhere the sides of an incision or injury closed. Has shown to enhance healing time, decrease the rate of an infection, reducing the animal owners time seeking medical attention. 3 mL

**Stem Gel** – Advanced wound healing gel that delivers nanogen fibres into the wound, and provides an optimal environment for accelerated healing 30 mL

**Silvet Wipes** – Pre-soaked, broad spectrum antimicrobial wipe with colloidal nanoparticles of silver at a concentration of 10ppm making it effective against a wide range of bacteria. 84 ct

**Silvet Antifungal Antimicrobial Shampoo** – Soothes the skin on contact & speeds animal healing time without compromising or interfering with pre-existing treatments or medications. Mint, Vanilla, or Original Scents. 4 oz, 16 oz

**Hand Sanitizer** – 4 oz, 12 oz, 16 oz

**Surface Sanitizer** – 16 oz, Gallon

**Advanced Otic Cleanser** – 90 mL

# EPIZYME™

**VET.**  
Pharmaceuticals

Quality Critical Care.

**Quality-** Epizyme Pancreatic Powder is manufactured in the U.S.A, acetone free, to the highest quality FDA standards.

**Critical-** Epizyme has been prescribed as a successful component in the treatment of Exocrine Pancreatic Insufficiency for over a decade.

**Care-** We prioritize our production of Epizyme to ensure that your patients have a reliable supply of this critical care product at an affordable price.

## Biotin-100

Biotin and DL-Methionine powder supplement for horses. Each 400 grams is a 30- to 60-day supply for an adult horse. Easy and convenient method of supplementation. Dramatically improves hoof condition in 3 to 5 months with daily feeding.

5 lb. bag or 20 lb. pail

## Caniflex Chewable Tablets

A tasty glucosamine nutraceutical for healthy cartilage and joint function in dogs and cats. Each tablet contains 500 mg of D-glucosamine HCL.

60 tablet bottle

## Derma-Form Liquid

For improvement of dry skin and dry hair by providing a nutritional source of polyunsaturated fatty acids and vitamins A, D and E. For dogs and cats. Ingredients: unsaturated fatty acids from both plant and animal origins.

8 oz. bottle

## Felo-Form Chewable Tablets

For use as a vitamin and mineral supplement for cats. Also contains taurine and potassium.

50 tablet bottle

## Geri-Form Chewable Tablets

For use as a dietary supplement to increase levels of essential phospholipids and glycolipids, plus choline (acetylcholine precursor) and other important nutrients in older dogs and cats.

50 tablet bottle or 150 tablet bottle

## Isotone SA

A highly palatable isotonic, buffered nutritional supplement for dogs and cats. Dissolve the contents of one 16 gram packet in one pint of water.

16 gram packets packaged, 144/case

## Lipo-Form Chewable Tablets

For use as a supplementary dietary source of the lipotropic factors: choline and methionine in dogs and cats.

50 tablet bottle or 500 tablet bottle

## Methio-Form®

For use in acidifying the urine of dogs and cats. Aids in prevention and treatment of LUTD (FUS) in cats. Active ingredient: DL-Methionine 500 mg/tablet.

50 tablet bottle

150 tablet bottle

500 tablet bottle

## Osteo-Form Chewable Tablets

For use as an aid in the prevention of dietary deficiencies of calcium, phosphorus and vitamins A and D in dogs and cats. 1.8 to 1 calcium to phosphorus ratio corrects deficiencies without danger of excess phosphorus. Palatable bone ash and bone meal sources of calcium and phosphorus.

50 tablet bottle, 150 tablet bottle or 500 tablet bottle

## Osteo-Form SA Powder

Aids in the prevention of dietary deficiencies of calcium, phosphorus and vitamins A and D in dogs, cats, birds and reptiles. A natural source of readily assimilable calcium and phosphorus.

350 gram bottle

## Pet-Form® Chewable Tablets

Most complete vitamin-mineral chewable tablet with unsurpassed palatability for dogs and cats. 8 vitamins and 11 minerals, also contains choline and DL-Methionine. FREE Individually wrapped samples and jar available.

50 tablet bottle

150 tablet bottle

500 tablet bottle

## PrednisTab®

Prednisolone USP for oral use in dogs. Aids in controlling inflammatory and pruritic conditions known to be responsive to corticosteroids.

5 mg 1,000 tablet bottle

20 mg 500 tablet bottle

## Thyro-L® Powder

For use in the correction 1 lb. or 10 lb.

## Thyro-Tabs®

For use in the correction of conditions associated with hypothyroidism in dogs. Small scored caplets. Available in strengths: 0.1, 0.2, 0.3, 0.4, 0.5, 0.6, 0.7, 0.8 mg, and 1.0 mg each color coded for easy identification. Active ingredient: levothyroxine sodium.

120 or 1,000 count

## ToxiBan™

Activated charcoal with kaolin for use as an aid in the treatment of poisoning by most organic chemical compounds. Available as granules and suspension.

Granules:

1 pound bottle

5 kg (11 lb) pail

Suspension:

240 mL bottle

## ToxiBan™ with Sorbitol

Ready-to-use activated charcoal suspension with kaolin and with the osmotic cathartic sorbitol. Use as an emergency treatment for poisoning of small animals.

Suspension: 240 mL bottle

## Veta-Lac® Powder Canine and Powder Feline

Fortified dry milk with vitamins, minerals and methionine for puppies and kittens. Veta-Lac Powder Feline contains taurine. Reconstitutes in warm water.

Veta-Lac Canine:

400 gram Bottle

Veta-Lac Feline:

200 gram bottle

**National  
Brands**

**MAXI/GUARD line of products for veterinary dental home care, otology, dermatology and wound care.**

## **MAXI/GUARD Oral Cleansing Gel and MAXI/GUARD OraZn**

*Reduces the deposition of plaque • Superior pet acceptance • Unmatched client compliance • Helps reduce inflammation*

### **Similarities and Differences:**

Both MAXI/GUARD Oral Cleansing Gel and MAXI/GUARD OraZn are very effective home dental care products. Both of these products are ideally dispensed immediately after a professional dental prophylaxis and, when used properly, can extend the time between these dental cleanings.

**MAXI/GUARD Oral Cleansing Gel** has a long history of being the most complete home dental care product available. The unique zinc ascorbate formulation is very effective in helping reduce gingival inflammation, reducing the deposition of plaque and neutralizing offensive mouth odors. It is considered our “professional strength” product and is very concentrated. MAXI/GUARD Gel is recommended for severe oral problems such as advanced periodontal cases, post oral surgery and pre and post prophy. 4 oz. bottle

**MAXI/GUARD Oral Cleansing Wipes** are both an effective pet oral care product and applicator all in one. Cleansing the oral cavity of pets is much faster and easier since the wipes are infused with our unique zinc formulation. This taste free compound neutralizes offensive mouth odors, helps reduce the deposition of plaque and aids in gingival inflammation. The wipes are textured to assist in the mechanical removal of plaque, but not so rough to cause damage to the gum tissue. MAXI/GUARD Oral Wipes increase owner compliance and pet acceptance. 10-wipe pack or 100/jar

**MAXI/GUARD OraZn** is a newer home dental care product that features excellent pet acceptance. It utilizes a taste-free, neutralized zinc (pH 7) formulation that is acceptable to even the most challenging cases such as cats and small dogs. OraZn also helps reduce the deposition of plaque, aids in the reduction of gingival inflammation and neutralizes offensive mouth odors. The product is very effective in maintaining oral health after a dental prophylaxis. 2 oz. bottle

### **MAXI/GUARD Pinkeye Bacterin**

10 dose bottle  
50 dose bottle

### **MAXI/GUARD Nasal Vac**

30 mL w/intranasal tips

### **MAXI/GUARD Oral Cleansing Formula Canine/Feline**

4 oz. bottle

### **MAXI/GUARD Zn 4.5 Otic**

2 oz. bottle or 4 oz. bottle

### **MAXI/GUARD Zn7 Derm**

1 oz. bottle or 2 oz. bottle

### **MAXI/GUARD Zn7 Derm Spray**

4 oz. bottle

## **Tri-Heart™ Plus**

(IVERMECTIN/PYRANTEL)

**Proven Protection** – Ivermectin/pyrantel is recognized as one of the most effective ways to prevent canine heartworm and provide treatment and control of hookworms and roundworms. Tri-Heart™ Plus are artificially beef flavored chewable tablets for easy administration. Tri-Heart Plus is available in 3 dosage strengths with easy to recognize color-coded packages.

### **Preferential Pricing: Protecting Your Practice From Loading and Discounted Online Sales**

Tri-Heart Plus value pricing is easily affordable for all dog owners, including those with multi-dog households or on a fixed income. Your front office staff can now offer proven heartworm medication at lower prices than aggressive online sellers – ensuring customer loyalty and compliance while protecting your important product sales income. Tri-Heart Plus is also easier for you to buy, with “No-Load” volume discounts available on purchases any time of the year, easing cash-flow and shelf space limitations.

**100% Customer Satisfaction Guaranteed** – A 100% pet owner satisfaction guarantee is your continued assurance of the Schering-Plough Animal Health Corporation commitment to the veterinary community and your clients. If for any reason your client is not completely satisfied, Schering-Plough Animal Health will correct the problem by replacing the product or refunding the purchase price.

**Blue for  
small dogs**

**Green for  
medium dogs**

**Brown for  
large dogs**

## Barrier® for Dogs and Cats (imidacloprid + moxidectin) Topical Solution

**BRIEF SUMMARY:** Before using Barrier for Dogs (imidacloprid + moxidectin) or Barrier for Cats (imidacloprid + moxidectin), please consult the product insert, a summary of which follows:

**CAUTION:** Federal (U.S.A.) Law restricts this drug to use by or on the order of a licensed veterinarian.

### Barrier® for Dogs:

#### WARNING

- **DO NOT ADMINISTER THIS PRODUCT ORALLY.**
  - **For the first 30 minutes after application ensure that dogs cannot lick the product from application sites on themselves or other treated animals.**
  - **Children should not come in contact with the application sites for two (2) hours after application.**
- (See Contraindications, Warnings, Human Warnings, and Adverse Reactions for more information.)

#### INDICATIONS:

**Barrier for Dogs** is indicated for the prevention of heartworm disease caused by *Dirofilaria immitis* and the treatment of *Dirofilaria immitis* circulating microfilariae in heartworm-positive dogs. Barrier for Dogs kills adult fleas and is indicated for the treatment of flea infestations (*Ctenocephalides felis*). Barrier for Dogs is indicated for the treatment and control of *sarcoptic mange* caused by *Sarcoptes scabiei var. canis*. Barrier for Dogs is also indicated for the treatment and control of the following intestinal parasites species: Hookworms (*Ancylostoma caninum*) (*Uncinaria stenocephala*), Roundworms (*Toxocara canis*) (*Toxascaris leonina*) and Whipworms (*Trichuris vulpis*).

**Barrier for Cats** is indicated for the prevention of heartworm disease caused by *Dirofilaria immitis*. Barrier for Cats kills adult fleas (*Ctenocephalides felis*) and is indicated for the treatment of flea infestations. Barrier for Cats is also indicated for the treatment and control of ear mite (*Otodectes cynotis*) infestations and the intestinal parasites species Hookworm (*Ancylostoma tubaeforme*) and Roundworm (*Toxocara cati*). **Ferrets:** Barrier for Cats is indicated for the prevention of heartworm disease in ferrets caused by *Dirofilaria immitis*. Barrier for Cats kills adult fleas (*Ctenocephalides felis*) and is indicated for the treatment of flea infestations in ferrets.

**CONTRAINDICATIONS:** Do not administer this product orally. (See WARNINGS). Do not use the Dog product (containing 2.5% moxidectin) on Cats.

#### WARNINGS:

**Barrier for Dogs: For the first 30 minutes after application: Ensure that dogs cannot lick the product from application sites on themselves or other treated dogs, and separate treated dogs from one another and from other pets to reduce the risk of accidental ingestion. Ingestion of this product by dogs may cause serious adverse reactions including depression, salivation, dilated pupils, incoordination, panting, and generalized muscle tremors. In avermectin sensitive dogs<sup>a</sup>, the signs may be more severe and may include coma and death<sup>b</sup>.**

<sup>a</sup> Some dogs are more sensitive to avermectins due to a mutation in the MDR1 gene. Dogs with this mutation may develop signs of severe avermectin toxicity if they ingest this product. The most common breeds associated with this mutation include Collies and Collie crosses.

<sup>b</sup> Although there is no specific antagonist for avermectin toxicity, even severely affected dogs have completely recovered from avermectin toxicity with intensive veterinary supportive care.

**Barrier for Cats: Do not use on sick, debilitated, or underweight cats. Do not use on cats less than 9 weeks of age or less than 2 lbs. body weight. Do not use on sick or debilitated ferrets.**

**HUMAN WARNINGS:** Not for human use. Keep out of the reach of children. **Dogs:** Children should not come in contact with the application sites for two (2) hours after application. **Cats:** Children should not come in contact with the application site for 30 minutes after application.

Causes eye irritation. Harmful if swallowed. Do not get in eyes or on clothing. Avoid contact with skin. **Wash hands thoroughly with soap and warm water after handling.** If contact with eyes occurs, hold eyelids open and flush with copious amounts of water for 15 minutes. If eye irritation develops or persists, contact a physician. If swallowed, call poison control center or physician immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or physician. People with known hypersensitivity to benzyl alcohol, imidacloprid, or moxidectin should administer the product with caution. In case of allergic reaction, contact a physician. If contact with skin or clothing occurs, take off contaminated clothing. Wash skin immediately with plenty of soap and water. Call a poison control center or physician for treatment advice. The Safety Data Sheet (SDS) provides additional occupational safety information. For a copy of the Safety Data Sheet (SDS), to report adverse reactions, or consumer questions call Aurora Pharmaceutical at 1-888-215-1256.

**PRECAUTIONS:** Do not dispense dose applicator tubes without complete safety and administration information. Use with caution in sick, debilitated or underweight animals. The safety of Barrier for Dogs has not been established in breeding, pregnant, or lactating dogs. The safe use of Barrier for Dogs has not been established in puppies and dogs less than 7 weeks of age or less than 3 lbs. body weight. Barrier for Dogs has not been evaluated in heartworm-positive dogs with Class 4 heartworm disease. Cats may experience hypersalivation, tremors, vomiting and decreased appetite if Barrier for Cats is inadvertently administered orally or through grooming/licking of the application site. The safety of Barrier for Cats has not been established in breeding, pregnant, or lactating cats. The effectiveness of Barrier for Cats against heartworm infections (*D. immitis*) after bathing has not been evaluated in cats. Use of this product in geriatric cats with subclinical conditions has not been adequately studied. Ferrets: The safety of Barrier for Cats has not been established in breeding, pregnant, and lactating ferrets. Treatment of ferrets weighing less than 2.0 lbs. (0.9kg) should be based on a risk-benefit assessment. The effectiveness of Barrier for Cats in ferrets weighing over 4.4 lbs. (2.0 kg) has not been established.

**ADVERSE REACTIONS: Heartworm Negative Dogs:** The most common adverse reactions observed during field studies were pruritus, residue, medicinal odor, lethargy, inappetence and hyperactivity.

**Heartworm Positive Dogs:** The most common adverse reactions observed during field studies were cough, lethargy, vomiting, diarrhea (including hemorrhagic), and inappetence. **Cats:** The most common adverse reactions observed during field studies were lethargy, behavioral changes, discomfort, hypersalivation, polydipsia and coughing and gagging. **Ferrets:** The most common adverse reactions observed during field studies were pruritus/scratching, scabbing, redness, wounds and inflammation at the treatment site; lethargy; and chemical odor.

For a copy of the Safety Data Sheet (SDS) or to report adverse reactions call Aurora Pharmaceutical, Inc. at 1-888-215-1256 or [www.aurorapharmaceutical.com](http://www.aurorapharmaceutical.com).

## Revolt (selamectin)

**Topical Parasiticide  
for Dogs and Cats**

### Easy to apply – for cats & dogs

Highly affordable, once-a-month prevention answer for heartworms, fleas, and a host of other problematic parasites and offers the same exact active ingredient and mode of action as the pioneer product, but at greatly reduced pricing.

- Active Ingredient: Selamectin
- Simply Twist-n-Apply, No Cap!
- Quick Drying, Non-Greasy
- Manufactured in the USA
- Best Pricing – ALWAYS!

### Best Medicine. Better Value. Proudly Made in the USA

Revolt® is a Once-a-Month Topical that is safe & super easy to apply with no mess or greasy formula. Helping to protect against heartworms, fleas, ear mites & other harmful parasites in cats & dogs!

### Dog & Cat 6-packs:

**Cat** 5.1-15 lbs. or 15.1-22 lbs.

**Dog** 5.1-10 lbs., 10.1-20 lbs.,  
20.1-40 lbs., 40.1-85 lbs. or  
85.1-130 lbs.

### Puppy/Kitten 3-packs:

Up to 5 lbs.

## Barrier® for dogs and cats (imidacloprid + moxidectin) Topical Solution

### Generic for Advantage Multi®

Effective treatment for fleas, heartworms, ear mites, microfilariae, roundworms, sarcoptic mange, hookworms, and whipworms in dogs and cats.

### Feline:

2-5 lbs. (3-pack)  
5.1-9 lbs. (6-pack)  
9.1-18 lbs. (6-pack)

### Canine:

3-9 lbs. (6-pack)  
9.1-20 lbs. (6-pack)  
20.1-55 lbs. (6-pack)  
55.1-88 lbs. (6-pack)  
88.1-110 lbs. (6-pack)

## EQUISUL-SDT® (Sulfadiazine/Trimethoprim)

EQUISUL-SDT® is indicated for the treatment of lower respiratory tract infections in horses caused by susceptible strains of *Streptococcus equi* subsp. *zooepidemicus*. EQUISUL-SDT® is produced using Aurora Pharmaceutical's patented drug product formulation. The product demonstrated 20% increased bioavailability over an existing paste product in a pharmacokinetic crossover study.

### Product Features:

- Safety was demonstrated in a controlled study in horses at 1X, 3X and 5X the recommended dose for 30 days
- Low incidence of side effects in controlled safety studies
- Easy-to-use, apple-flavored liquid formulation
- Significantly higher bioavailability on a mg-to-mg basis compared to an approved paste product, based on a pharmacokinetic crossover study

### Availability:

135 mL Bottle .....Reorder No: 28000  
\* 280 mL Bottle .....Reorder No: 28003  
\* 560 mL Bottle .....Reorder No: 28002  
900 mL Bottle .....Reorder No: 28001

\* Includes draw-off cap

## Analgesics/ Anti-Inflammatories

### Carprieve® (*carprofen*)

Available in Caplets or Chewable Tablets. 30, 60 or 180 count in the following strengths: 25 mg, 75 mg or 100 mg.

### Carprieve® Injection (*carprofen*)

50 mg strength in 20mL or 50mL.

### Loxicom® Injection (*meloxicam*)

5 mg strength in 10 mL or 20 mL.

### Loxicom® Oral Suspension (*meloxicam*)

1.5 mg strength in 10 mL, 32 mL, 100 mL or 200mL.

## Antibiotics

### Enroflox® Injection 2.27% for Dogs (*enrofloxacin*)

2.27% strength in 20mL, 50mL or 100mL.

### Enroflox® Chewable Tablets for Dogs and Cats (*enrofloxacin*)

Available in 27.7 mg, 68 mg and 136 mg strengths in 50 or 200 count bottles.

## Antiparasitics

### Midamox® (*imidacloprid + moxidectin*)

Kitten, 2-5 lbs., 0.23 mL, 3 pack  
Small/med. cat, 5.1-9 lbs., 0.4 mL, 6 pk  
Large cat, 9.1-18 lbs., 0.8 mL, 6 pk  
Puppy/small dog, 3-9 lbs., 0.4 mL, 6 pk  
Small dog, 9.1-20 lbs., 1.0 mL, 6 pk  
Med. dog, 20.1-55 lbs., 2.5 mL, 6 pk  
Large dog, 55.1-88 lbs., 4.0 mL, 6 pk

### Noromectin® 1% Injection

1% w/v ivermectin in a sterile solution  
50 mL

### Selarid® (*selamectin*)

Puppy/kitten, 0-5 lbs., 0.25 mL, 3 pk.  
Small/med. cat, 5.1-15 lbs., 0.75 mL, 6 pk  
Large cat, 15.1-22 lbs., 1.0 mL, 6 pk

**Dogs:** Skin infections (wounds and abscesses) due to coagulase positive staphylococci (*Staphylococcus aureus* or *Staphylococcus intermedius*). Deep wounds and abscesses due to *Bacteroides fragilis*, *Prevotella melaninogenica*, *Fusobacterium necrophorum* and *Clostridium perfringens*. Dental infections due to *Staphylococcus aureus*, *Bacteroides fragilis*, *Prevotella melaninogenica*, *Fusobacterium necrophorum* and *Clostridium perfringens*.

**Cats:** Skin infections (wounds and abscesses) due to *Staphylococcus aureus*, *Staphylococcus intermedius*, *Streptococcus* spp. Deep wounds & abscesses due to *Clostridium perfringens* and *Bacteroides fragilis*. Dental infections due to *Staphylococcus*

*aureus*, *Staphylococcus intermedius*, *Streptococcus* spp., *Clostridium perfringens* and *Bacteroides fragilis*.

### Amoxicillin and Clavulanate Potassium

*A broad-spectrum antibiotic clinically proven to treat many bacterial infections in dogs and cats*

**Dogs:** Indicated in the treatment of periodontal and skin and soft tissue infections such as wounds, abscesses, cellulitis, and superficial/juvenile and deep pyoderma due to susceptible strains of bacteria.

**Cats:** Indicated in the treatment of urinary tract infections (cystitis) and skin and soft tissue infections such as wounds, abscesses, and cellulitis/dermatitis due to susceptible strains of bacteria.

**TABLETS:** Available in 62.5 mg, 125 mg, 250 mg, and 375 mg, tablets supplied in foil strip packs. Each carton holds 15 foil strip packs with 14 tablets per strip (210 tablets per carton).

**ORAL SUSPENSION DROPS:** Available in 15 mL dropper bottles.

### Carprofen Chewable Tablets

*Convenient & effective pain relief for dogs*

Offers pain relief and cost savings while improving compliance and convenience in canine osteoarthritis treatment.

Indication: Proven safe for the treatment of pain, soreness, and inflammation associated with osteoarthritis and control of post-operative pain.

Chicken liver flavored. Available in: 25 mg, 75 mg or 100 mg – 60 or 180 ct. bottles.

### Furosemide Syrup 1% (10 mg/mL)

*A diuretic-saluretic for prompt relief of edema in dogs*

Furosemide is an effective diuretic possessing a wide therapeutic range. Pharmacologically it promotes the rapid removal of abnormally retained extracellular fluids. The rationale for the efficacious use of diuretic therapy is determined by the clinical pathology producing the edema.

Furosemide Syrup 1% is indicated for use in dogs only for the treatment of edema (pulmonary congestion, ascites) associated with cardiac insufficiency and acute noninflammatory tissue edema. The continued use of heart stimulants, such as digitalis or its

glycosides, is indicated in cases of edema involving cardiac insufficiency.

Available in: 60 mL dropper bottle.

### DexmedVet™ Injection

*(Dexmedetomidine Hydrochloride)*

*A 0.5 mg/mL sterile injectable solution that is a sedative, analgesic, and preanesthetic for use in dogs and cats.*

**Dogs and Cats:** Indicated for use as a sedative and analgesic to facilitate clinical examinations, clinical procedures, minor surgical procedures, and minor dental procedures. Also indicated for use as a preanesthetic to general anesthesia. For intramuscular and intravenous use in dogs older than 16 weeks of age and for intramuscular use in cats older than 12 weeks of age.

The use of DexmedVet™ as a preanesthetic markedly reduces anesthetic requirements in dogs. Each mL contains 0.5 mg dexmedetomidine hydrochloride, 1.6 mg methylparaben (NF), 0.2 mg propylparaben (NF), 9.0 mg sodium chloride (USP), and water for injection (USP), q.s.

FDA approved under ANADA #200-752; this product is considered a generic equivalent to the reference

Available in 10 mL multi-dose, rubber-stoppered glass vials

### Cropamezole™ Injection

*(Atipamezole Hydrochloride)*

*A 0.5 mg/mL sterile injectable solution that is a reversing agent for use in dogs.*

Indicated for the reversal of the sedative and analgesic effects of dexmedetomidine hydrochloride, and medetomidine hydrochloride.

Cropamezole™ is administered intramuscularly (IM) for reversal of sedation and analgesia regardless of the route used for dexmedetomidine hydrochloride or medetomidine hydrochloride.

For use in dogs older than four months of age and weighing more than 4.4 lbs (2 kg).

Each mL contains 5.0 mg atipamezole hydrochloride, 1.0 mg methylparaben (NF), 8.5 mg sodium chloride (USP), and water for injection (USP).

FDA approved under ANADA #200-753; this product is considered a generic equivalent to the reference product, Antisedan®

Available in 10 mL multi-dose, rubber-stoppered glass vials

**JorVet™****Surgical Monitors**

**Doppler Ultrasonic Blood Flow Monitor.** Non-invasive blood pressure monitoring. Hypertension (high blood pressure) is often overlooked during diagnosis, treatment, and routine physical exams in small animals. In addition, many hypotensive (low blood pressure) patients, such as those suffering from shock, benefit greatly from Doppler measurement of blood pressure when knowing the pressure can mean effective and timely treatment.

Combining Doppler with an appropriate size “cuff” for small animals, provides the veterinarian with the same, noninvasive method for testing blood pressure as is available in human medicine. A small probe is placed over a peripheral artery (e.g., digital or coccygeal). An ultrasonic crystal in the probe transmits pulse wave sounds back to the amplifier. The pressure cuff is then placed proximal to the probe. The cuff is inflated until the pulse sounds are no longer audible. The cuff is slowly deflated, using the manometer, until pulse sounds are audible once more, at which point the manometer displays a numeric value of the animal’s systolic pressure. Features:

**Features:**

- Lightweight, hand-held unit
- High quality, trigger-style sphygmomanometer
- Rechargeable Lithium Ion battery, approx. 6 hr of use with full charge
- Comes with 5 sizes of blood pressure cuffs, headphones, & tube of gel
- 4-minute auto shut off
- Complete with hard sided carrying case
- 2 year limited warranty on box and probe only

**J0563n** Complete Unit with flat 8mHz probe

**J0563nd10** Pencil Probe for Exotics (optional)

**J0563****Features:**

- Lightweight, hand-held unit
- High-quality, veterinary-specific sphygmomanometer
- Comes with two cuffs (2.5cm and 5.0cm)
- Runs on 9-volt battery (included) (must be alkaline)
- Headset included
- Complete with carrying case
- 3 minute auto shut off
- 2 year limited warranty on box and probe only

**J0563** Complete Unit with small, flat probe

**J0563d3** Sphygmomanometer only. 6 month warranty

**J0563d4a** Cuff only. 1.9cm

**J0563d4** Cuff only. 2.5cm

**J0563d5** Cuff only. 5.0cm

**J0563d6** Cuff only. 7.5cm

**J0563d7** Cuff only. 10.0cm

**J0563d3**

**3M**

**3M Avagard** – Surgical and Healthcare Personnel Hand Antiseptic combines alcohol for rapid kill, Chlorhexidine Gluconate for persistence plus emollients for skin conditioning. FDA NDA approved brushless, scrubless and waterless instant hand antiseptic with three pumps from a touchless, simple dispensing system. Proven safe and effective for daily use. Reduces material waste of water, sterile towels and scrub brushes. Through 12/31/2022, for each bottle of Avagard antiseptic hand prep purchased, receive a wall bracket and foot pump (\$65 value), or wall bracket and hand pump (\$42 value) FREE! 3 oz. or 16 oz.

Wedge bottle, 500-ml

Nail cleaners 9204, 150ea/box

**3M Littmann Cardiology IV Stethoscope**

Outstanding acoustics with better audibility of high-frequency sounds (adult side, firm pressure). Tunable diaphragm: Hear high or low frequency sounds by slightly adjusting pressure on the chest-piece. Dual-lumen tubing: Two sound paths in one tube eliminates the rubbing noise of traditional double tubes. Next-generation tubing lasts longer and resists stains. Not made with natural rubber latex or phthalate plasticizers. Headset is easily adjusted for individual fit and comfort. Angled eartubes align with ear canals. Made in USA. *Call for colors.* 7 year warranty

**3M Master Cardiology Stethoscope – 27"**

**3M Littmann Master Classic II**

**Veterinary Stethoscope** – For Veterinary use. Single-sided head. Navy blue tubing. 3 year warranty

**3M Littmann Master Classic II**

**Pediatric Stethoscope** – Two-sided designed for smaller animals. 1" traditional bell and 3/4" bell combined with floating diaphragm. *Call for colors.* 3 yr. warranty.

**3M Lightweight II S.E. Stethoscope**

Lightest weight of all Littmann adult stethoscopes at just 118 grams. Dual-sided chest-piece provides versatility of both a tunable diaphragm and open bell. Teardrop-shaped chestpiece for easier positioning under blood pressure cuffs and around bandages. Tunable diaphragm: Hear high or low frequency sounds by slightly adjusting pressure on the chestpiece. Soft-sealing eartips provide an excellent acoustic seal and comfortable fit. An ideal entry level instrument.

**3M Classic III Monitoring Stethoscope**

Monitor and assess a wide range of patients. Made in the USA without natural rubber latex. Detect normal and abnormal sounds and rhythms. Useful in non-critical care

environments such as a medical office, general ward, OB/GYN, ambulatory clinic or urgent care. 5-year warranty. Fun and vibrant; match color and finish to your personality. Designed for use with adult and pediatric patients. Tunable, dual-sided stainless steel chestpiece with open or closed bell. Non-chill bell sleeve for greater patient comfort. Soft-sealing ear-tips provide optimal comfort and excellent sound occlusion

**3M Classic III Stethoscope** *Call for colors*

Double-sided chestpiece. 150 gr. 2 tunable diaphragms. Convertible open bell. 5 year warranty..

**3M Core Digital Stethoscope**

Connects to Eko software to visualize and share heart sound waveforms. Up to 40x amplification (at peak frequency, vs. analog mode). Active noise cancellation reduces unwanted background sounds. Toggle between analog and amplified listening modes Soft-sealing ear tips provide an excellent acoustic seal and comfortable fit. Tunable, dual-sided stainless steel chestpiece with open or closed bell. Designed for use with adult and pediatric patients. FDA-cleared and HIPAA compliant. A new class of clarity the CORE Digital Stethoscope features the outstanding acoustics, comfort and quality of a Littmann cardiology-grade stethoscope enhanced by powerful digital technology. All black or w/colored chest piece.

**3M Littmann Stethoscope Ear Tips**

Soft sealing. Black or gray. Per pair

Drapes (2), 24" x 24"

## Jorvet™ Ultrasonic Cleaners

High frequency sound waves are used to produce more than 40,000 alternating high and low pressures per second. As these waves travel through a specially formulated cleaning solution, millions of microscopic bubbles form and violently implode. This process, known as cavitation, creates a scrubbing action capable of cleaning up to 16 times more efficiently than hand scrubbing. In minutes, all body fluids and foreign particles are removed, even from the tightest grooves, cracks, and interior surfaces of the instrument being cleaned.

### Features:

- Control panel with 3-color LED display
- Super sized ultrasonic transducer: 45mm industrial grade; 30% more power than standard
- Drainage valve
- Includes stainless steel basket
- Two cooling fans improve heat dissipation
- AC 110v – 50/60Hz
- 1-year warranty
- ETL (USA), CETL (Canada)

## Ultrasonic Scaler/Polisher Combo Unit

- Contemporary design with a small footprint
- Operation frequency 25kHz
- Includes in-line water filter, 2 inserts (1 spatula, 1 universal), micro-motor, polisher handpiece, prophy angle, prophy cups and paste starter kit
- Comes with quick release attachment for water tank (optional) set-up
- Large, easy to read LED power display
- Micromotor variable speed 2,000-30,000 rpm with forward/reverse
- Foot pedal operation
- Optional drilling and sectioning attachments available
- 6-year limited warranty (90 days on inserts and prophy angle, 1 year on the handpiece)
- Dimensions: 6"L x 8"W x 3.5"H; Weight: 6.5 lbs.

**J-841Q Ultrasonic Scaler/  
Polisher**

## Piezo Electric Scaler/Polisher Combo Unit

Combo unit with the popular Piezo handpiece. Sleek design at an affordable price!

- Contemporary design with a small footprint
- Operation frequency 29kHz
- Includes in-line water filter, 3 scaler tips (2 spatula, 1 universal), micro-motor and polisher handpiece, prophy angle, prophy cups and paste starter kit
- Comes with quick release attachment for water tank (optional) set-up
- Micromotor variable speed 2,000-30,000 rpm with forward/reverse
- Large, easy to read LED power display
- Foot pedal operation
- Optional drilling and sectioning attachments available
- 6-year limited warranty (90 days on tips and prophy angle, 2 years on handpiece)
- Dimensions: 6"L x 8"W x 3.5"H; Weight: 6.5 lbs.

**J-841X Piezo Electric Scaler/Polisher  
Combo Unit**

## Premier Ultrasonic Scaler/Polisher

- 6 year warranty on circuit boards, 2 years on all other internal components; 2 years on scaling handpiece (detachable for easy replacement); 6 months on micromotor, prophy heads; 90 days on ultrasonic inserts
- Complimentary loaner program
- Powerful 25k magnetorestrictive frequency inserts
- Will work for periodontal scaling on lower setting
- 25% power increase setting for use on heavy tough calculus
- Foot pedal operation
- Includes 2 inserts: 1 universal and 1 spatula tip; periodontal insert optional
- Micromotor Swiss made: no lubrication needed, speeds of 450rpm to 12,000, wide enough range for drilling or polishing
- Accepts metal prophy head "U" style included (J-1180D3)
- Other cutting and drilling accessories are optional
- Male quick release water line
- Includes prophy cups and paste

**J-1180 110V**

**J-1180D5 Contra Angle "U" Style Latch Type**

**J-452D1P Periodontal Insert**

**J-1181 110V**

## Odor Control Products

**L.O.E. Laundry Odor Eliminator** – Works on any machine washable item (towels, blankets, kennel bedding, scrubs). Specially formulated for animal care facilities. Not a mask; not an enzyme. Completely safe, no harsh chemicals. 32 oz. Concentrate.

**Cat Odor-Off** – Eliminates odors in carpets, upholstery and other porous surfaces from urine, tomcat spray, feces, emesis and more. Works where other products haven't and won't. 16 oz. Concentrate; 16 oz. Soaker.

**K.O.E.** – ELIMINATES, not masks, even old, impregnated odors from cages, runs, walls and other large areas. **ECONOMICAL** – only 1/4 oz. (not 1 oz.) per gallon of water. 8 oz. Self Measuring; Gallon.

**Skunk Off** – Removes all traces of skunk spray from dogs, other pets, people, cloths, cars, homes – anybody or anything a skunk has sprayed or anything a skunk-sprayed animal has rubbed against. 8 oz. Soaker; 8 oz. Shampoo; 32 oz. Spray; Gallon Shampoo.

**A.O.E.** – Eliminates, not masks, odors from anal gland secretion, tom cat spray, necrotic tissue, urine, feces, emesis, etc. Also available in a tub of 80 disposable wipes. 8 oz. Spray; Tub (80 wipes).

**Dog Odor-Off** – Eliminates dog odors including body odors, urine, feces, emesis and necrotic tissue. Use on dogs, accidents, cages, bedding – anywhere there is a related odor problem. 8 oz. Spray; 16 oz. Soaker.

## DENTAL PRODUCTS

### twist® Propphy Angles

Ergonomically designed with a 90° reciprocating “back and forth” rotating motion. Provides continuous contact and pressure on the tooth surface without catching muzzle hair or whiskers!

**Twist Propphy Angles** – Firm, 100/Box

**Prophyaxis Paste w/Fluoride** – Medium Grit, Mint, 100 Cups/Box

**Disposable Propphy Angles** – Fits all slow speed doriet-style handpieces. 100% guaranteed to last an entire prophy. Lubricated. ADA approved. Box of 144

**Propphy Cups** – Designed to minimize paste splattering. Easily adapts to contours of teeth. Soft cups easily reach under the gingival free margin to remove plaque.

**J-0452d6m Snap-On Rubber Cups.** 144/package

**Propphy Paste** – High-viscosity, low-spatter formulas.

**J-452d5 Propphy Polishing Paste.** Grey with flouride.

1 oz. cups. 100/package. Mint flavor.

**J-452d5b Bulk Propphy Paste.** 12 oz. container

## Sentinel

Comprehensive coverage against heartworm disease and intestinal parasites, with added protection against immature flea life stages. Sentinel Flavor Tabs treat and control adult stages of tapeworms, hookworms, roundworms and whipworms. A once-a-month dose given along with a meal. Sentinel Spectrum Chews also contain lufenuron, which gives the added benefit of preventing flea eggs from hatching. Also a once-a-month dosing in a soft beef and bacon flavored chew that dogs love.

## Bravecto (fluralaner)

The active substance of Bravecto™, fluralaner, a new ectoparasiticide belonging to the isoxazoline group, is systemically active against fleas and ticks (black legged tick, American dog tick, and brown dog tick), delivering protection for up to 12 full weeks in Extended-duration Bravecto. It also kills lone star ticks for eight weeks. Presented in a highly palatable flavored chew for dogs. Bravecto 1-Month Chews are for protection from ticks and fleas in dogs and puppies 8 weeks of age and older and weighing 4.4 lbs. or greater. Extended-duration Bravecto Chews are for dogs who have reached 6 months of age. It is also available as a spot on topical solution for both dogs and cats. Bravecto Plus is a 2-month topical for cats.

## Activyl Protector Band

The Scalibor Protector Band provides six month protection against ticks that carry Lyme disease, Rocky Mountain spotted fever, Babesiosis, Anaplasmosis and Ehrlichiosis. Just one collar every six months provides year-round protection.

## VetPen

*VetPen is the first and only insulin pen designed exclusively for diabetic pets.*

**Enables pets to receive more accurate doses consistently.**

- Precision instrumentation allows the same dose to be easily set by simply turning a dial, minimizing the chance for dosing errors
- Great for small doses – VetPen enables precise doses to be selected down to 0.5 units. Even when doses were drawn up by trained laboratory technicians, syringes were found to deliver at least 20% to 25% more insulin than needed for a 1-unit dose<sup>11</sup>

**Provides greater convenience.**

- Ergonomically designed for easy handling, even for owners with visual or manual dexterity issues
- Multi-dose insulin cartridges require fewer steps to prepare doses once primed (air removed)
- Portability allows owners to give their pets injections anywhere (refrigeration of cartridges is recommended during storage and usage)
- 97% of pet owners reported that VetPen was easy to use overall and they had no difficulty learning how to use VetPen<sup>3</sup>

**Available in 2 sizes.**

- 8 IU VetPen with dosing increments of 0.5 IU
- 16 IU VetPen with dosing increments of 1 IU

**Starter kit provided.**

- This starter kit provides owners with detailed instructions, needles, a needle remover, and a handy travel pouch.

## Guardian Touch Patient Monitor

The Guardian Touch has been one of the most popular multiparameter patient monitor in the North American veterinary market place. JorVet is proudly now offering this familiar monitor.

This monitor offers a number of important clinical upgrades to provide confidence on a clinic's monitor. A simple, intuitive touchscreen with the following features:

- 10.4" color touchscreen display
- Masimo software: SPO2 – Able to detect SPO2 on smaller patients
- Suntech Software: NIBP – Algorithm for better detection on smaller patients
- Rechargeable Lithium battery
- 4 hours continuous use
- Built-in thermal printer
- 2-year warranty

## Miltex Instrument Prep Enzyme Foam

For precleaning of soiled instruments and scopes (rigid & flexible). Ideal for where instrument cleaning is not immediately available. Active enzymes work to breakdown blood, mucous and other bio burden for reduced cleaning time. No water dilution required. Easy and safe on metals, plastic and rubber materials. 24 oz. spray bottle jar

## Surgical Instrument Cleaner

For surgical instruments, glassware, plastic, metal, or rubber goods. Neutral pH, biodegradable, free rinsing without residue. Phosphate-free formula can be used in ultrasonic cleaners and as pre-soak. Concentrated liquid in 8 oz. bottle makes 32 gallons of solution.

## Instrument Stain Remover

Special powdered formula removes stains and tarnish, restores luster to surgical instruments, autoclaves, ultrasonic cleaners, stainless steel counter tops, trays and stands. 3 oz. jar

## Spray Lube

Non-silicone based surgical instrument lubricant. Steam permeable, non-greasy, anti-corrosive. Use on box locks, screw locks, scissors blades, all moving parts. Apply after cleaning and before autoclaving. 8 oz. pump spray bottle

## Disposable Biopsy Punch

Instruments**

**JorVet™**

## **Multi-Functional Intensive Care Unit**

This newly design ICU is a must have for any veterinary hospital that aims to provide quality care to critically ill patients. Our Multi-Functional Care Unit is a cost-effective solution for care providers in need of providing, post- natal care, post-surgical care, avian and exotic care, respiratory care, and an overall comforting and therapeutic environment for critically ill.

**Controlled Temperature.** Each unit comes with programmable and adjustable temperature settings that range from 59°F-102°F. The unit quickly heats to your desired temperature within 5-20 minutes.

**Controlled Humidity.** The programmable and adjustable humidity settings vary from 40% humidity to 80% humidity with a very easy to use water tank. The LED display will alert you to low water levels in the water reservoir.

**Oxygen Monitors.** Integrated into the ICU is an oxygen sensor. You can set the sensor to alert you should the oxygen levels within the unit go below your desired concentration.

**Nebulizer.** An external nebulizer can be fully integrated into this machine's functions. You will be able to set nebulization for 10- or 20-minute intervals using the unit's control panel. (Optional)

**Therapeutic Lighting.** This multi-functional care unit is also equipped with 10 stage amber lighting, allowing you to provide a therapeutic environment for all your pet patients.

**Negative ION Generation.** This machine also has the capability of creating negative ions. Useful for creating a healing environment.

**UV Lighting.** Included in the functions of this machine is an Ultraviolet disinfection light, allowing you to help maintain an environment that is sanitary and free from any cross contamination.

**Easy to Clean.** With easy to remove floor grate and drain pan, we have made this unit very easy to clean. Just a slight pull of the bottom tray will make cleaning animal waste easy.

### **Dimensions:**

Loading Capacity: 40lbs

External Dimensions: 34.25"L × 19.68"W × 18.31"H

Internal Dimensions: 23.25"L × 14.56"D × 15.75"H

110 AC

**Weight:** 33 lbs.

## Instrument Storage & Sterilization

### Mayo Table (Chrome)

Plus tray

### Cold Sterilization Tray

Three piece soaking and sterilization set is ideal for cold soaking instruments. The perforated tray can be lifted out of any solution.

- Stainless steel latches seal the tray
- Can be autoclaved up to 300° Fahrenheit
- Red fiberglass reinforced plastic
- Two sizes

**J-369** 9¾"L × 6"W × 4½"H

**J-369L** 17"L × 11"W × 6"H

### Sterilizing Trays

These autoclavable trays use a silicone pegged mat that allows the instruments to be placed in any configuration the surgeon desires. The instruments are easily located in the tray. The whole tray is wrapped and then autoclaved. Instruments not included.

#### Autoclavable Double-Layer Instrument Tray

**J-41t** 10" × 6"

**Small Tray J-664t** 6½" × 4"

**Large Tray** Will hold a spay surgery pack.

**J-665** 15" × 10" × 1"

#### X-Large Tray

**J-665L** Two layers. 15" × 10" × 2½"

#### Rigid Endoscope Tray

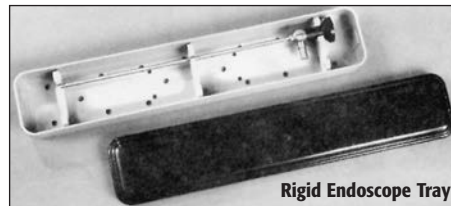

**J-666** Two silicone bars hold scope in safe carrying/storage case. 16" × 2½" × 1½"

Autoclavable  
Double-Layer  
Instrument  
Tray  
(Tray Only)

Small Tray  
(Tray Only)

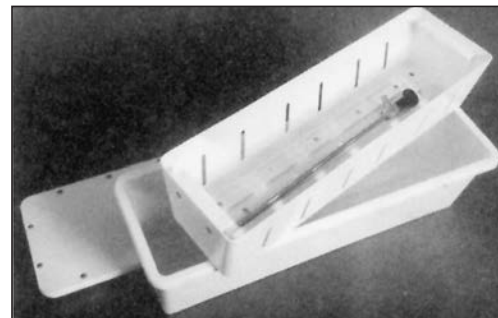

Rigid Endoscope Tray

### Endoscope Soak/Storage Tray

Most rigid endoscopes should be immersed in sterilization solution for 15 minutes before use. This tray consists of a perforated soaking basket that holds the endoscope and is lifted out after proper soaking. Made of fiberglass reinforced plastic that can be autoclaved up to 350°F. Also comes with a cover. 36"

**J-366L Tray:** 24" × 8" × 5⅞"    **Basket:** 24½" × 6⅜" × 4¾"

**Cover:** 24" × 8" × ½"

### Stainless Steel Instrument Trays

**Note:** Tray measurements reflect inside dimensions at shortest point. This is different from other manufacturers.

**Instrument Tray** with recessed handle on lid. Cold sterilization.

**J-392a** Top: 10¼" × 6¾" × 2"    Bottom: 9" × 5½" × 2"

**J-392b** Top: 12¼" × 8" × 2"    Bottom: 10½" × 6¼" × 2"

**Instrument Tray** with strap handle on lid.

**J-393a** Top: 10¼" × 6¾" × 2"    Bottom: 9" × 5½" × 2"

**J-393b** Top: 12" × 7¾" × 2¼"    Bottom: 10½" × 6¼" × 2"

**Instrument or Spay Pack Tray.** Below trays without lids.

**J-399a** Top: 10¼" × 6¾" × 2"    Bottom: 9" × 5½" × 2"

**J-399b** Top: 12" × 8¼" × 2¼"    Bottom: 10½" × 6¼" × 2"

## J-484m Deluxe Bovie Electro Surgery Unit

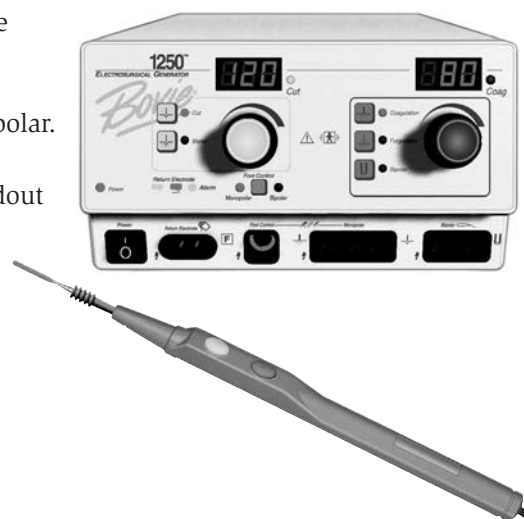

This is a top-of-the line Electro surgical unit made by the original Bovie Company. They first invented the Electro surgical unit in the 1920s. The complete table top unit is fitted with veterinary specific equipment.

Five modes: cutting, cutting/coagulation, coagulation, fulguration, bipolar.

- User has option of handpiece finger switch or foot control
- Rotary dial operates power; shown in 1 watt increments via LED readout
- Reusable body pad (ground plate)
- Built-in bipolar (requires optional foot pedal)
- Five  $\frac{3}{32}$ " electrodes; interchangeable with other same size brands
- $10\frac{1}{4}$ "W x  $5\frac{1}{2}$ "H x 10"D, 14 lbs.
- U.L. approved

Accessories Included:

- Two Disposable Handpieces (J-484md1a).
- Autoclavable Handpiece (J-484md1c).

## J-166rm Mini Respiratory Monitor

This tiny—smaller than a cigarette pack—monitor makes a great apnea alert monitor. The small microprocessor beeps with every breath with a very high sensitivity.  $\frac{1}{2}$ "W x  $2\frac{1}{4}$ "L x  $1\frac{1}{2}$ "D.

- **Easy to use.** Just connect between endotracheal tube and anesthesia circuit.
- **No adjustments.** A sophisticated algorithm will recognize and indicate with a beep every breath. It will work on a 1-pound kitten up to a 200-pound St. Bernard.
- **Apnea alert.** If your patient fails to breathe for 45 seconds, a distinctive apnea alert will sound.
- **Auto shut-off.** If you forget to turn it off, it will turn itself off.
- **Battery.** A high density long-life lithium battery will provide years of service.

## Doppler Ultrasonic Blood Flow Monitor

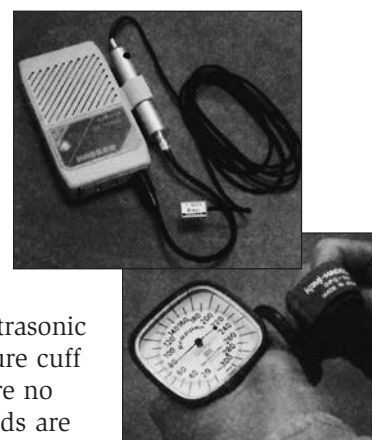

### J-563 Complete Unit with small, flat probe

Non-invasive blood pressure monitoring. Hypertension (high blood pressure) is often overlooked during diagnosis, treatment, and routine physical exams in small animals. In addition, many hypotensive (low blood pressure) patients, such as those suffering from shock, benefit greatly from Doppler measurement of blood pressure when knowing the pressure can mean effective and timely treatment.

Combining Doppler with an appropriate size "cuff" for small animals, provides the veterinarian with the same, non-invasive method for testing blood pressure as is available in human medicine.

A small probe is placed over a peripheral artery (e.g., digital or coccygeal). An ultrasonic crystal in the probe transmits pulse wave sounds back to the amplifier. The pressure cuff is then placed proximal to the probe. The cuff is inflated until the pulse sounds are no longer audible. The cuff is slowly deflated, using the manometer, until pulse sounds are audible once more, at which point the manometer displays a numeric value of the animal's systolic pressure.

- Lightweight, hand-held unit
- High-quality, veterinary-specific sphygmomanometer
- Comes with two cuffs (2.5 cm and 5.0 cm)
- Runs on 9-volt battery (included)
- Headset included
- Complete with carrying case

## StaySafe Self-Sealing Bottle Closures

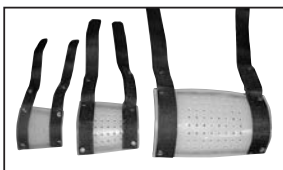

This patented product allows a luer slip syringe to repeatedly withdraw oral liquids from plastic amber pharmacy bottles. The StaySafe is pressed into bottle opening.

Features flexible sealing rings for compatibility with a range of bottle sizes. Size 24 fits snugly into most bottles with necks in its I.D. (inner diameter) range of 15.5mm-18.25mm.

Bottles should be selected for smooth inside necks sized with the stated inner diameter range. A smooth neck optimizes the ability of the closure to provide an effective seal. 50 per pack

SKU	Size	Min	Mid	Max
<b>J1080a</b>	20mm	12.6	13.9	15.3
<b>J1080</b>	24mm	17.9	18.7	19.5
<b>J1080b</b>	28mm	20.2	20.8	21.4

## IV Catheter Guard

Made of a thin lightweight flexible plastic with holes for air circulation. Held in place by velcro straps that wrap around the limb. Rough surface of the velcro deters lick-

ing. Straps are reusable, but also inexpensive to replace if damaged. Soak or gently scrub with disinfectant solution or bleach between uses. Four sizes available.

### **J-644 Small Cats and Small Dogs**

**J-644a Medium** – 20-40 lbs

**J-644b Large** – 40-80 lbs

**J-644c X-Large** – 80+ lbs

**J-644s Set of all four sizes**

### Infusion Stand, Clutch Collar

Improved model with base ring for additional stability. Two hooks and clutch collar height adjustment, on 2" casters.

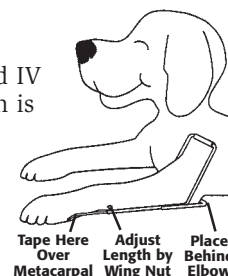

### Cochran IV Splint

For the problem of administering continuous or uninterrupted IV drip to an unattended small animal patient. The cephalic vein is easily occluded when an animal is in a sternal position with the elbow in flexion. This splint allows the animal to lie comfortably and ensures a continuous IV flow. Enables you to extend the patency and longevity of an IV catheter and administer a more continuous and even flow of IV fluids to critically ill patients.

**J-267a Small** For felines and canines under 10 lbs.  
**J-267b Medium** 20 lb. canine

**J-267c Large** 40 lb. canine  
**J-267d X-Large** 60 lb. and above  
**J-267s Set of 4**

## FLUID ADMINISTRATION

### Fluids

- Integral hanger slot provides added safety, ease of use
- Bold labeling on container permits rapid identification of fluid contents
- East-to-read graduations on both sides of container facilitate determination of infused volume
- Short, sturdy medication port aids in uniform mixture of the drug with the solution; allows for visualization of the needle and tip during insertion and injection, minimizing the chance of container punctures
- Prominent display of expiration date
- Long administration port allows a firm grip when inserting the administration set, reducing the chance of touch contamination
- Administration port protector helps ensure aseptic technique by guarding the administration port until the time of use

### Infusible 1 Liter

Pressure infuser for collapsible IV bags. IV bag fits inside mesh and nylon bag.

A rubber hand pump attached to a 3-way stop cock allows bag to be filled with air, which exerts pressure on the IV fluid bag. **J-320P**

### VetPro Color Vision Infusion Pump, Baxter

- **High Resolution Color Screen** – A large multi-colored display with exceptional contrast level lets you read all relevant infusion data on a single screen.
  - **Money-Saving Rechargeable Battery** – A recent cost analysis estimates a savings of \$600 per pump per year.
  - **Pre-Detection of Increase in Downstream Line Pressure** helps the clinician to detect potential catheter problems at an earlier stage.
  - **Post-Occlusion Bolus Reduction System** delivery of false boluses following a downstream occlusion event.
  - **Built-in Free Flow Protection Administration Sets** include an integrated anti-siphon to meet JCAHO guidelines

## LAB EQUIPMENT

**Heparinized Tube** – Pre-calibrated tube marked with black calibration at 60 microns (micro meters). **J542**

**MicroHematocrit Capillary Tube** – For both safe blood collection as well as microhematocrit determination. Packaged in protective snap cap vial.

**Red Tip** – Heparinized tube. 100 tubes/vial. **J543**

**Blue Tips** – Plain tube. 100 tubes/vial. **J544**

**Sealing Clay Tube Sealer & Holder** – Disposable, plastic holder with special clay-like substance. Holds up to 48 capillary tubes identified by numbers. **J545**

**Card-Type Hematocrit Tube Readers** –  $4\frac{1}{4}'' \times 7\frac{1}{2}''$ , vinyl laminated plastic. Use with any sealed or capped 75 mm tube. Base line below tube allows direct reading of sealed tubes. **J501E2**

**Coplin Staining Jars** Plastic. **J814**

**Clinical Refractometer** – Clinical hand-held refractometer. Quick & accurate urine specific gravity plus serum total protein measurements. Adjustable focus. Temperature compensated. Protective case. 7"L. **J351**

**Centrifuge Tubes** – Disposable, graduated. 15 mL. Conical bottom. Polystyrene. Box of 100. **J546A**

**Neubauer Hemacytometer** – Designed especially for counting blood cells with the "unopette." Double rulings are visible through a wide range of illumination. Neubauer rulings are 0.1 mm below cover glass. The "H"-shaped moat offers two counting areas. Fused rhodium on glass provides distinct lines. **J821**.

**JorVet Dip Quick Stain** – For use in blood cell differential counts or general cytology stain. Gives coloration similar to standard Wright-Giemsa stain. Rapid 3-step procedure can be done right in the wide-mouth 180 mL container in 15 seconds. Bulk refills can be purchased.

**Introductory Kit.** One 180 mL wide mouth bottle of each of the 3 different components. **J322**

**Bulk Refill Kit.** 500 mL each of the 3 different components. **J322A**

**Fixative.** 500 mL. **J322A1**

**Component #2** red stain. 500 mL. **J322A2**

**Component #3** blue counter stain. 500 mL. **J322A3**

**JorVet Gram Stain Kit** – Many uses (i.e.: quick check on a swab from a severe otitis or a stain from an isolated culture). Four 250 mL bottles. **J323**

*Note: Gram Stain method does not allow the microscope slide to be dipped right into each bottle of stain.*

**New Methylene Blue** – For many veterinary applications, from reticulocyte count to estrus vagina smears. 250 mL. **J324**

**UltiCare iPet Pro Blood Glucose Monitoring System Kit** – For dogs & cats. Large LCD screen and memory which stores up to 500 test results. Includes: 25 test strips, glucose chip, lancing device, 30 lancets, control solution, carrying case, user manual, quick reference guide, logbook.

**UltiCare iPet Test Strips.** 25 count or 50 count.

**UltiCare iPet Control Solution.** 4 mL, 2 count.

## MISCELLANEOUS

### Bovie Disposable Cautery Unit

**Multistix 10-SG** – Test for ph, protein, glucose, ketone, blood, bilirubin, urobilinogen, nitrate, leukocytes, specific gravity. 100 per bottle.

**Penlights – Disposable** – White, disposable penlight has pre-focused bulb and clip-switch. 6-pack includes 2 "AAA" batteries.

**Silver Nitrate Applicators** – Mixture of 75% silver nitrate and 25% potassium nitrate. Reuseable foil pouches to ensure moisture control and lasting freshness.

**Thermometers** – Digital Thermometer with beep.

**Alcohol Dispensers** – Handy pump bottle. Great in the exam room for alcohol wipes pre-injection in vaccinations. 8 oz. amber polypropylene bottle.

**DTM Dermatophyte Culturing System™** – Large mouth vial. Easy to use: Inoculate medium with hair, nails, or skin samples and incubate at room temperature. Accurate: an orange to red color change will occur in the presence of dermatophytes in as few as three days. Common dermatophytes: microsporum canis, microsporum gypseum, trichophyton mentagrophytes, trichophyton tonsures, trichophyton rubrum, epidermophyton floccosum, trichophyton terrestre. Box of 10.

### Medical Imaging Assistance Ultrasound Gel

Electroconductive gel used to facilitate the ultrasonic pulsed echo imaging system. Acoustically correct for a broad range of frequencies. Aqueous, will not stain clothing or damage transducers. Fragrance free. Bacteriostatic and non-irritating. Non-greasy. 5 liter jug.

## BLOOD COLLECTION/TRANSFUSION

### Serum Separation Tubes – Corvac

Available in 5 mL, 7 mL or 10 mL. Box of 100.

### Vacutainers

2 mL, 3 mL, 5 mL, 7 mL or 10 mL. Red or lavender.

### Quick-Lock Tourniquet

**J-130** With 32" neoprene cord.

**Neoprene Cord** – **J-130R** 32" for tourniquet.

### 450 mL Single Collection Unit Prefilled CPDA-1

CPDA-1 is the anticoagulant of choice in human blood banking. After collection, stored blood will have a 35-day shelf life. Bag comes with 16 g diamond point non-detachable needle plus double spike ports. **J-520**

**1-800-526-8981**

**1-800-345-4607**

**Order By Fax: 1-717-312-4699**

[www.hsbvet.com](http://www.hsbvet.com)

**Diagnostics**

## HEARTWORM & FECAL DIAGNOSTIC AIDS

**Fecalyzer Kit by Vetoquinol** – Fecal analysis system. Box of 50.

**Fecatector** – Fecal analysis system.

**Fecasol Solution** – Per gallon.

**Fecal Kits-Ovatector** – 100 each: Fecal collection containers, floatation cylinders, strainers and application sticks. Also includes a special marking pen.

**Fecal-Ovatector Cups** – Fecal collection containers. Box of 100.

**Fecal Loop** – Reusable plastic loops. 4.5" or 9".

**Sheather's Sugar Floatatin Solution** – Media with gravity of 1.27, high enough to float any ova.

**J-1028** 500 mL bottle      **J-1028g** Gallon

## STETHOSCOPES

**3M Littmann CORE Digital Stethoscope** – Snap tight, soft sealing eartips conform to ears for excellent acoustic seal and comfortable fit. Up to 40x amplification at peak frequency (125 Hz), vs. analog mode and active noise cancellation to reduce background noise. Quickly toggle between analog and amplified listening modes; and use the tunable diaphragms on both sides of the 2-sided chestpiece to hear high/low frequency sounds. Connects to Eko software (subscription required; more at [ekohealth.com/ai](http://ekohealth.com/ai)), allowing you to visualize heart sound waveforms in real time. Use AI to aid in the detection of heart murmurs.

**3M Cardiology IV Stethoscope** – Tunable diaphragm: High or low frequency by slightly adjusting pressure on the chest-piece. Dual-lumen tubing: 2 sound paths in 1 tube eliminates the rubbing noise of traditional double tubes. Angled eartubes align with ear canals. Made in USA. *Call for colors.* 7 year warranty.

**3M Master Cardiology Stethoscope** – 27"

**3M Master Classic II Veterinary Stethoscope**

**3M Master Classic II Pediatric Stethoscope**

**3M Esophageal Stethoscope** – Attaches to standard stethoscope 20" L. 12 FR, 18 FR, or 24 FR.

**3M Littmann Stethoscope Ear Tips**  
Soft sealing. Black or gray. Per pair.

**3M Littmann Stethoscope I.D. Tags** – Black or gray.

**3M Stethoscope Spare Parts Kits:**

**Cardiology III** – Black or grey.

**Cardiology II S.E.** – Black or grey.

**Master Cardiology** – Black or grey.

**Classic II Pediatric Diaphragm Assembly**

**Classic II Infant Assembly**

**Classic III** – Black or grey.

**Cardiology S.T.C.** – Black.

**Lightweight II S.E.** – Black or light brown.

**Master Classic** – Black or grey.

## BLOOD GLUCOSE MONITORING

ADVOCATE®  
**PetTest**

*Blood Glucose  
Monitoring System  
for Dogs and Cats*

**PetTest Meter Kit Box** –

- One-button switch between dogs & cats
- Five (5) seconds test time
- No coding key required
- Extremely easy to use
- Accurate and precise

*Kit includes:* Meter, carrying case, 10 PetTest strips, 10 lancets, control solution, lancing device, (2) AA batteries, user's guide and quick start guide.

**PetTest Strip Box, 50 count**

20 box/inner pack; 20 packs/case.

**PetTest Control Solution, Level 1**

4 mL bottle.

**PetTest 21G Twist-top Lancets**

Sterile twist-top lancets, 50/box.

**Advocate Lancing Device**

Adjustable depth selection – 5 settings.

**PetTest Safety Lancets 21G**

21 gauge × 2.4 mm, 200/box.

## DIGITAL CAMERA

**MiniVid Camera**

Configured with USB port connection to the computer. 3 megapixels.

- Includes IBM/Windows compatible software
- Captures images to digital file for archiving and transmission
- Allows comparison of normal versus abnormal cases

**J-822QM5** MiniVid Camera

*Call for prices on all Welch Allyn Otoscope/Ophthalmoscope  
Sets, Specula, Batteries & Replacement Bulbs*

## GAUZE SPONGES

### First Quality, Non-Sterile

#### Perfectly Folded

Neat and perfect squares with no exposed, cut or frayed edges.

**CROSSTEX®**

## ULTRA GAUZE™

### 4-Ply Non-Sterile • Non-Woven General Use

Manufactured with material that uses APEX® technology. Using state-of-the-art laser imaging techniques, fabrics are created with unique textile-like properties with the look, feel, strength, and durability of traditionally woven or knit fabrics with added absorbency.

- More absorbent than traditional sponges
- Maintains shape and texture during use
- Produces little or no lint
- Easily releases from incision/extraction sites
- Will not stick to surfaces
- Ideal for cleaning and/or prepping

2×2" – 5,000/case

3×3" – 4,000/case

4×4" – 2,000/case

## Tapes and Cottons

### JORVET

#### Elastic Tape

Similar design to Elastikon® from J & J but at considerable savings. This stretchable tan woven fabric is a very familiar looking tape with red centering line. 5 yds in length.

2" 6 rolls per box • 3" 4 rolls per box  
4" 6 rolls per box

#### Porous Tape

High quality "athletic" white, porous cloth tape that can be torn easily. Compares to Johnson & Johnson Zonas Tape.

J820AN 1" 12/rolls

J820BN 2" 6/rolls

### ELASTIKON

#### Elastic Tape

A porous elastic adhesive tape that allows skin to breath, and stretches around uneven surfaces. 5 yds. per roll.

1" 12 rolls per box

2" 6 rolls per box

3" 4 rolls per box

4" 6 rolls per box

### ZONAS

#### Porous Tape

This highest quality porous adhesive tape allows the skin to breath while providing strong adhesive protection.

1" 12 rolls per box

2" 6 rolls per box

3" 4 rolls per box

### 3M VETRAP

#### Bandaging Tape

**CLINIC KIT:** Assortment of blue, red, gold, hunter green.

2" bandage – 4 rolls of each color

3" bandage – 2 rolls of each color

4" bandage – 2 rolls of each color

**32-roll Clinic Kit..... 62.64**

#### SINGLE COLOR:

2" rolls, 18 per box..... **27.54**

4" rolls, 18 per box..... **32.94**

Red, blue, hunter green, teal or hot pink.

#### ASSORTED COLORS:

2" rolls in red, blue, hunter green, gold, teal, and hot pink.

18 rolls/box, 3 rolls each color..... **27.54**

4" rolls in red, blue, hunter green, gold, teal, and hot pink.

18 rolls/box, 3 rolls each color..... **32.94**

#### dynarex Porous Tape

*Compares to Zonas and Kendall*

1" x 10 yds., 12 rolls

2" x 10 yds., 6 rolls

#### Elastic Tape

*Compares to Elastikon*

1" x 5 yds., 12 rolls

2" x 5 yds., 6 rolls

3" x 5 yds., 4 rolls

4" x 5 yds., 6 rolls

#### Cotton Roll

1-lb

### Cotton Balls

#### Medium Size

4,000 per box

(2 bags of 2,000 each)

### Cotton Tip Applicators

#### First Quality

100/bag • 10 bags/box

6-inch wood sticks

### Veterinary Manuka Honey Wound Care Line

All Manuka Honey Wound Care Dressings protect the wound while creating a moisture balance around the wound that is ideal for healing.

#### Manuka FILL

J1253 Sterile Manuka Honey Wound Dressing – 15g tube, 10/pkg

J1253a Sterile Manuka Honey Wound Dressing – 42.5g tube

#### Manuka IG

J1251a Manuka Honey Impregnated Gauze – 4" (10cm) x 5" (12.5cm), 10/pkg

#### Manuka IG MAX

J1251a Manuka Honey Impregnated Customized Gauze – 4" (10cm) x 5" (12.5cm), 10/pkg

### SENSIWRAP

#### Self Adherent Bandage

*Compares to CoFlex and Vetrap*

- Lightweight, sticks to itself not to other materials or skin
- Easily torn without scissors
- Individually poly bagged
- Will not slip
- Available in an assorted rainbow pack

2" 36 rolls • 3" 24 rolls

4" 18 rolls

## GAUZE BANDAGES

**JorVet™**

### Gauze Roll Bandage

Single-ply cotton gauze bandage conforms to a wide range of uses around the clinic besides the normal wound bandaging. Thick 28 × 24 mesh covered in paper. 10 yd L. 12 rolls/pk.

**Applications:** Wrapping over primary dressings; simple muzzles; tying endotracheal tubes during intubation; surgical tie downs.

<b>J0888</b>	JorVet Gauze Roll Bandage	1" W/dozen
<b>J0888a</b>	JorVet Gauze Roll Bandage	2" W/dozen
<b>J0888b</b>	JorVet Gauze Roll Bandage	3" W/dozen
<b>J0888c</b>	JorVet Gauze Roll Bandage	4" W/dozen

### STERILIZATION WRAP

One wrap, three layers of an engineered blend of polypropylene and polyethylene. Long-fiber spunbond outer layers encase an inner layer of meltblown fibers. Tear-resistant strength on the outside. Bacteria-stopping construction within.

24" × 24" 250/case      36" × 36" 250/case

**Other Sizes Available – Call for Details**

### White Stretch Gauze Bandage Rolls

Non-sterile, 2 ply rolls of 100% cotton gauze offers mild compression without constriction.

Remains in position with minimum taping.

No frayed edges.

5 yards per roll; 96 rolls per case.

### Equine Leg Wrap

18 × 22" with brown gauze and safety pins.

## EQUINE GAUZE

### Brown Gauze

Excellent for equine leg wrapping.

**J192A**

3" × 5 yards,  
12 rolls

**J192B**

6" × 5 yards,  
12 rolls

## SURGICAL DRAPE

### JorVet™ Drape Disposable Drape Material

The best value in drape material. This water repellent, soft material can be cut to any length and then autoclaved repeatedly. Fan-folded in a colorful slotted dispensing box. 38" × 100 yards.

**KENDALL Surgical Drape**

38" × 100 yards

# Gloves, Blades, and Wrappers

## SURGICAL & EXAM GLOVES

### Surgical Gloves

LATEX POWDER FREE • Sterile

One pair per paper wallet.

Each wallet packed in a peel-open pouch.

Sizes 6-8.5

50 pairs/box

### Safe-Touch™ Vinyl Exam Gloves

*Acute sensitivity with enhanced protection*

POWDER FREE

- Ideal for personnel with acute sensitivity to powdered gloves
  - For laboratory procedures where powder free gloves are prescribed
- 100/box

### Latex Exam Gloves

POWDER FREE • Non Sterile

Sizes: Small, Medium, Large

*Powder free latex exam gloves offer maximum protection and comfort for sensitive hands*

- For laboratory procedures where use of powder-free gloves is recommended
- Unique non-chlorinated manufacturing process; noncaustic, gloves are easily donned
- Low protein content
- Textured surface for more secure, dextrous handling of instruments
- Ambidextrous
- Beaded cuff
- 100/Box

### Nitrile Gloves

*An Alternative to Latex Gloves*

- Contains no allergy causing natural rubber proteins
- Excellent tactile sensitivity
- More puncture resistant than latex or vinyl gloves of similar thickness

#### Surgeons

Powder Free • Sterile

Sizes: 6-8.5

50 Pairs/Box

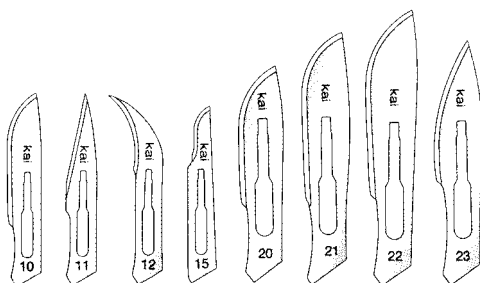

#### Exam

## SURGICAL DRAPE & INSTRUMENT WRAPPERS

- New surgical drape with built-in moisture barrier for *Critical Zone Defense*.
- Drapes have a double central panel made from a new medical fabric that prevents contaminants from permeating through the drape to the work area.
- Drapes are manufactured of color-fast, pre-shrunk, surgical sheeting and may be safely washed and autoclaved.

3.5 mil. thick  
24" × 30", 100/box  
30" × 50", 50/box

### Surgical Scrub Brush-Sponge

- Soft outer bristles clean thoroughly without skin irritation
- Inner bristles are shorter and contoured for effective cleaning of finger nails and cuticles.
- Flexes for easier scrubbing.

30 per box

with Iodine or with Hexodine

### Applicator Sticks

6" wood sticks • 864 per box

### Dr. Hanson's Bullseye Pill Gun

### Hand Brush

Polypropylene. Strong, long-  
lasting black nylon bristles  
withstand harsh chemicals and  
numerous autoclavings.

Size 4¼" × 1⅝",  
7" × 16 rows of ½" bristles.

### I-D Bands

Bands are supplied  
on a continuous roll,  
allowing the bands to  
be custom cut. Each  
roll is 333' long and is manufactured  
of the same materials as the single  
Ejay ID bands. Easily attaches to  
animal using Sure-Hold tape.

**Each kit contains:**

333' roll of band, roll of Sure-Hold  
tape and Marker

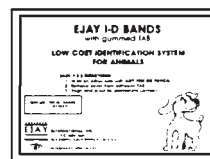

### Pet Hair Pic-Up

30" roller with Zip-Strip.  
Special adhesive surface  
picks up hair and foreign  
particles in one quick  
motion from clothing  
and upholstery in the home or auto.  
Rollers and refills now come with new  
Zip-Strip—an innovative, improved  
removal feature that is quick, easy and  
virtually eliminates wasted sheets.

Pet Hair Pic-Up  
Refill

### Single I-D Bands

Ejay ID bands with gummed tabs  
are manufactured of strong and  
tough spun bonded olefin. Bands  
will not stretch or tear. Each  
package comes with one marker.  
Available in red, white or blue.

Quantity	Length	White
500	20"	Red & Blue Multi-color (6 colors)
500	10"	Red, Blue & White
100	30"	Red, Blue & White Multi-color (6 colors)

### JorVet™ Braided Umbilical Tape

Polyester tape in  
plastic bottles.

**JorVet™**

## Circulating Water Pump

- Audible Alarm: low water, tilt open sensor and high temperature
- Dual thermostats for safety
- 10" (h) x 7" (diameter) weighs 6lbs.
- 50 oz. Water reservoir
- Can use tap water
- 1 year warranty

- Self-sealing connectors for no water leakage
- Includes 8 feet of connecting hose
- Micro Processor Control
- Digital LED Readout
- Flow rate 15 gallons/hour

**J-783x**

## Maxitherm Vinyl Blanket

Circulating pads and blankets come in convenient sizes with a choice of two materials. Circulation is up to 3 times faster than other flow patterns. JorVet's random flow design yields faster, more effective circulation, resulting in even temperature distribution. The self-sealing connectors are set up in just a snap. The pads are easy to wipe clean. **J0784ax Small:** 16" x 20"

**J0784bx Medium:** 20" x 29"

## VacuForm

### Patient Surgical Positioners

- High strength polyurethane construction for long life.
- Inside are microballs of polystyrene beads
- After placing the patient on mattress, the air is removed via a valve creating a vacuum with a customized surface each and every time.
- Wipes clean with mild soap and water

**J-1285P** Small pump *All sizes include a small vacuum pump.*

Grooming  
Products

Oster

**Volt Lithium-Ion Cordless Clipper** – Unique clipper features a detachable Li-Ion battery that runs up to 2 hrs. on a single charge, while providing quick charge capability to further extend cordless cutting time. Lightweight ergonomic design & extreme power from the Li-Ion battery technology helps you feel confident in achieving your best with each/every grooming.

**Cord/Cordless Pet Trimmer** – Designed for safety and versatility. Specially-designed Narrow Blade allows safe trimming around ears, eyes, nose and sensitive areas. Corded & cordless cutting capability.

**PowerPro Ultra Cordless Clipper w/ Size 10 Blade Kit** – The same powerful, professional cutting performance as other Oster clippers in an easy-to-use, lighter, longer-lasting clipper. Runs at 3300 strokes per minute and increased battery run time up to 60 minutes. This is the ultimate clipper. Includes Cryogen™ Blade.

**Golden A-5 Clipper** – Quiet, cool-running clipper with detach-able snap-on blades. Double-insulated to protect user; meets U.S. Gov't OSHA standards. No tools required to clean or change blades. With #50 blade.

**A-5 2-Speed Clipper** – Heavy-duty clipper. Universal special gear reduction for greater power. 2 speeds: normal for precise clipping, high for faster

body clipping. Accepts all A-5 blades. Comes with #10 blade.

**A5 Turbo 2-Speed Clipper** – Virtually unbreakable, durable and resilient to clip. Glides through thick, coarse hair easily. Detachable blade system.

**A6 Slim 3 Speed** – Slimmest 3 speed clipper. High efficiency, precision tuned, heavy duty motor that runs at over 4,000 SPM. Patent pending drive system to provide an ultra smooth, efficient cutting experience, and vibration isolators centered around the motor to absorb vibration and noise. Weighs 12.7 oz.

**Pro 3000i Cordless Clipper** with size 40 blade; lithium ion cordless heavy duty animal clipper. 3,000 SPM. The Li-Ion detachable battery runs up to 2 hours on a single charge.

**Electric Clipper Grease** – 1.25 oz

**Kool Lube 3 Lubrication** – Cools, lubricates, cleans blade while clipping, without heavy oil residue. Reduces heat, friction blade wear. 14 oz

**Premium Lubricating Oil** – 4 oz.

**Blade Wash Cleaner** – Removes protective coating of grease on new blades and cleans hair and dirt particles between the blades. Provides some lubrication. 18 oz.

**Spray Disinfectant** – Clean, fresh odor. Kills germs and helps prevent mold and mildew. 16 oz.

1.5 oz. (42 gm)

## Grooming Aprons

Plastic. 100/box

## Brushes & Rakes

### J-376 Slicker Brush

The slicker brush does a great job when removing a large amount of hair that a regular comb will not pick up and hold. Comes complete with small cleaning comb that removes hair from slicker. Stainless steel back and pins. Plastic handle. 5 1/4"

**J-379N Dematting Comb** – Sharp, serrated blades cut through tough mats quickly. Nylon handle. The best way to work through the most challenging cases.

### J-378 Undercoat Rake

Designed to remove hair from the dense undercoat. One row of teeth in a T-shaped design. Attractive. Teflon-coated teeth with nylon handle.

### J-612 Undercoat Rake with Two Rows of Teeth

The extra row of teeth allows this rake to really get at removing clumps of dead and matted hair. Chrome-plated teeth avoid buildup of static in hair. Any dog with a heavy undercoat needs this rake. "T"-shaped non-slip blue handle. Packaged in attractive blister package.

## andis

### Pulse Li 5 Cord/Cordless

Cord/cordless feature for uninterrupted grooming. Lithium-ion power mated with powerful rotary motor to cut through single-coated breeds. Blade adjusts from size 40 to 9 for cutting versatility. Lightweight for greater comfort – weighs less than 10 oz.

### BLADES:

**#64076** – Size 40 Surgical. Very Close Cutting.  $\frac{1}{125}$ "–0.1mm

**#64072** – Size 15, Medium Cut.  $\frac{3}{64}$ "–1mm

## WAHL® Professional Clipper and Trimmer Kits

### Chromado Lithium Cord/Cordless Clipper

Lightweight, cordless clipper for grooming the feet, face, and finish work on all dog breeds. Also be used for light body clipping on small and medium dog breeds; cat grooming; bridle path, ears, muzzle, and fetlocks on horses; and trimming and show cuts for goats, pigs, and cattle. Lithium ion battery provides 90 minutes of run time while constant speed control delivers more power and torque in tough grooming areas. 5-in-1 blade included and easily adjusts between sizes #9, #10, #15, #30, and #40.

**Creativa Cordless Clipper** – Lightweight clipper ideal for grooming the feet, face, and finish work on all dog breeds, cats, and other pets; can also be used for clipping bridle path, ears, muzzle, and fetlocks on horses and for trimming goats, pigs, and cattle. Each battery has a 120-minute run time and requires 75 minutes to charge. It offers an ergonomic design and constant speed control to deliver more power and torque in tough areas; includes a 5-in-1 adjustable blade which easily adjusts between cutting lengths of #9, #10, #15, #30, and #40.

**KM Cordless Clipper** – Lithium Ion battery provides 2 hours of cordless run time. Cord/cordless capability for all day use. Quick Charge feature gives 15 extra minutes of clipping for every 10 minutes it charges. Ergonomically designed. Includes a #10 Ultimate Competition series blade for faster, smoother clipping. Constant Speed Control automatically delivers more power and torque in tough areas. Two powerful speeds: 3,000 & 3,700 SPM. Backed by a 5 Year Hassle Free Warranty.

**Figura Lithium Ion Cordless Clipper** – Ideal for all coat types. Offers professional power with up to 6,000 strokes per minute and 90 minutes of run time. Clipper requires 180 minutes of charge time with an optional 10 minute quick charge for an additional 5 minutes of runtime. Features 5-in-1 blade technology with adjustable blade sizes #9, #10, #15, #30, and #40. Slim, quiet, and lightweight with a unique curved design to fit comfortably in your hand while grooming. Includes clipper, 5-in-1 detachable blade set, charge stand, four attachment

guide combs, 9-inch storage case, cleaning brush, blade oil, and instructions.

**Red or Purple BravMini+** – Includes: Cordless trimmer, detachable #30 blade, 1 adjustable attachment guide comb, charge stand, cleaning brush, blade oil, instruction book. 100 min. run time; 12 hour full charge. 5350 SPM.

**KM10 Clipper** – Includes: 2-speed brushless-motor clipper with extended motor life of greater than 10,000 hours, #10 blade, oil, and instructions. Ergonomic/lightweight body. 3000 and 3700 RPM.

**Arco SE** – Includes: Cordless clipper (Champagne), non-adjustable #45 blade, 2 drop-in NiMH rechargeable batteries, charging base w/ indicator light, 4 plastic attachment guide combs, cleaning brush, blade oil, instruction book. 80 minute run time; 75 minute full charge. 5500 SPM. Can use a 5-in-1 blade. Available in pink and purple.

**Bravura Lithium** – Includes: Cord/ cordless clipper w/battery indicator light, 5-in-1 blade set with 5 adjustable sizes (#9, #10, #15, #30, and #40), 4 attachment guide combs, charging stand base, cleaning brush, blade oil, instruction book. Integrated Rapid Power. 90 min. run time. 180 minute full charge time. 5000 SPM.

**MiniArco** – Includes: Professional cordless trimmer, detachable #30 trimmer blade, 2 attachment guide combs, charger, cleaning brush, blade oil, and instruction book. 45 min. run time. 8–10 hour full charge time. 6000 SPM.

**Black Chrome Super Pocket Pro, Battery Trimmer** – Includes: Compact trimmer w/#40 blade, bonus #40 T-blade, 6-position attachment comb, 2 attachment combs, travel pouch, oil, blade guard, cleaning brush, 1 AA battery & instruction book.

**5 in 1 Replacement Blade** – #9 to #40, Fine Replacement Detachable Blade Sets – #10 (Medium), #15 (Medium), #40 (Surgical) or #50 (Ultra Surgical).

**BravMini/ChroMini Replacement Blade Set** #30 Fine. Quick, detachable blade resists rust and corrosion.

## DUR-EVER Feeding Bowls

These durable stainless steel feeding bowls are available in four sizes to accommodate any clinic's specific needs. Inexpensive & easy to clean.

1 Pint	2 Quart
1 Quart	3 Quart

## Clipper Pocket

Conveniently stores and protects your clipper or trimmer. Keeps the tools of your profession out of harms way. Easily mounts on any wall or cabinet. (Screws included.) Made of high impact styrene. Available in black only. Model #72.

## Blade Rack

- Conveniently stores up to 10 clipper blades of various sizes.
- Organizes and protects blades.
- Can be wall mounted or placed on counter top.
- Made of high impact styrene.
- Measures  $7\frac{1}{2}$ " x 5"

## Nail Trimmers

### White's Toenail Scissors

**J-84** 4"

**J-84g** German 4"

**J-84c** Cat Claw Scissors – 3"

**J-391** Bird Nail Trimmer – For delicate trimming to avoid bleeding or injury. Stainless notched blades. 10cm L.

### J-84h Heavy-Duty Nail Scissors

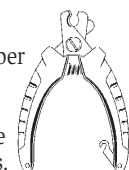

For bigger breeds. Nylon handle. Blade opening  $\frac{7}{16}$ ". Safety lock. Stainless steel blades.  $6\frac{1}{2}$ " L.

### J-84hs Small Heavy-Duty Nail Trimmer

Smaller, lighter version of J-84h. Nail guard to avoid cutting too much. Safety lock opening  $\frac{5}{16}$ ". Perfect for small and medium-sized breeds. 5"

### New Style Nail Trimmers

Attractive raised colored rubber insert in the hand. Firmer comfortable grip. Safety lock at handle bottoms. Light blue with dark blue rubber inserts. Packaged in resealable pouch.

**J-84hr**  $6\frac{1}{2}$ " L.

**J-84hsr**  $5\frac{1}{2}$ " L. Lighter, smaller version.

## External Fixation Kits

### Type-I External Fixation Kit

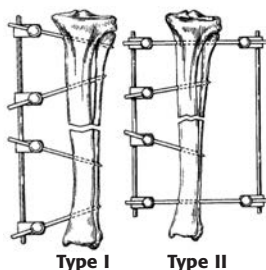

Pins of Type-I frame pass through both bone cortices. The clamps and connecting rods are assembled only on one side of the injured leg.

*Type-I Kit contains:* 6 Single clamps, 2 External fixation part thread pins, 2 Double trocar smooth IM pins and 1 Connecting rod.

**J0371ks Small:** Pin,  $\frac{3}{32}$ " dia. Rod, 6"L

**J0371km Medium:** Pin,  $\frac{1}{8}$ " dia. Rod, 8"L

**J0371kL Large:** Pin,  $\frac{5}{32}$ " dia. Rod, 10"L

### Type-II External Fixation Kit

Pins of the Type-II configuration pass through two sides of the limb. Clamps are attached to both ends of protruding pins.

*Type-II Kit contains:* 2 Double trocar IM pins, 8 Single clamps and 2 Connecting bars.

**J0371kbs Small:** Pin,  $\frac{3}{32}$ " dia. Rod, 6"L

**J0371kbm Medium:** Pin,  $\frac{1}{8}$ " dia. Rod, 8"L

**J0371kbl Large:** Pin,  $\frac{5}{32}$ " dia. Rod, 10"L

## Orthopedic Power Driver

A power driver with features making it the best on the market. The power source is a high quality cordless reversible Makita driver drill.

- 12 Volt  $\frac{3}{8}$ " drill
- Includes 2 Lithium ion batteries
- AC charge base
- Torque adjustment collar
- Variable speed 2,000–20,000 RPM
- 30–60 minutes recharge time
- Dual range gears
- Weight : 4.55lbs
- Includes J0238s Drill shroud
- Includes J0238d1 Power drill extension with chuck and key
- LED work light

**J-238m** Orthopedic Drill set

### J-238d1 Power Drill Adaptor with Chuck

- $3\frac{1}{2}$ " cannulated stainless steel shaft and stainless Jacobs chuck with  $\frac{1}{4}$ " capacity
- Converts any standard  $\frac{3}{8}$ " drill into your power driver

### J-238sd Disposable Drill Shroud

Fits any size drill. Special material has impervious inner layer. Provides full fluid repellency; top side has adhesive strip. Sterile. 5/pk.

J-238d1

### J-238s Autoclavable Drill Shroud with Velcro Attachments

Will fit any standard size drill.

**Call for Prices on Any Miltex or Jorgensen Orthopedic Instrument**

## Carpal Splints

High impact resistant polystyrene with reinforcement ribs to add structural integrity, reduce flexing, minimize breakage. Patented recess provides free circulation of air under pad, to reduce development of pressure necrosis. Central curvature allows limb to be placed in resting position.

Toy	7½" × 1" × ⅝" deep
Small	10" × 1¼" × ⅝" deep
Medium	12" × 1½" × ⅞" deep
Large	15" × 1⅞" × ⅞" deep
X-Large	18" × 2" × 1" deep
Carpal Splint Set of 5, one of each	

## Quick Splints

The latest design in preformed splints for small animal use, it is made of high impact ABS plastic and is scored for individual sizing. Radiolucent. Excellent replacement for Thomas Schroeder splints. All splints come in a paired left and right leg set. Rear leg or tarsal splint (shaped to follow contour).

### Front Set

Small  
Medium  
Large

### Rear Set

Small  
Medium  
Large

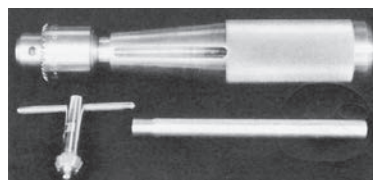

## Foam Padded Plastic Splints

Strong, lightweight plastic padded with foam; can be contoured at distal end with addition of moderate heat; modified cutout for carpal pad. Radiolucent—will not interfere with x-ray. Familiar green color.

Small	8" long	1" wide
Medium	12" long	1½" wide
Large	16" long	2" wide

## Jacobs IM Pin Chuck

New design on the standard instrument for introducing bone pins. An open slot is cut into the handle permitting visibility of the pin as it rests in the chuck. This saves surgery time by allowing the surgeon to check pin depth without having to remove the chuck. The stainless Jacob's accepts K-wires as small as 0.035" and pins as large as ¼". The handle and extension piece are a lightweight aluminum alloy. 10½" length, key included. J-214L

## dynarex Cast Padding

2"	20 rolls
3"	20 rolls
6"	20 rolls

## Casting Tape

2"	10/box
3"	10/box

## Specialist Cast Padding

2" × 4 yds.,	24 rolls per bag
3" × 4 yds.,	12 rolls per bag
4" × 4 yds.,	12 rolls per bag
6" × 4 yds.,	6 rolls per bag

## SAM SPLINT

Lightweight, radiolucent immobilization device of closed-pore, foamed, coated, malleable aluminum. Familiar blue and orange color scheme. Washable. Easily cut with ordinary scissors. J0289 Roll, 2" × 4¼"

## Stockinette

2" × 25yds
3" × 25 yds
4" × 25 yds
6" × 25 yds

## VETCAST PLUS Casting Tape

Good for difficult applications where light cast weight is important and extra strength is necessary. Quick curing time: 3-5 min. Comfortable. Tape is porous to reduce itching and odor. Water and urine resistant.

2" × 4 yds.	10 rolls per box
3" × 4 yds.	10 rolls per box
4" × 4 yds.	10 rolls per box
5" × 4 yds.	10 rolls per box

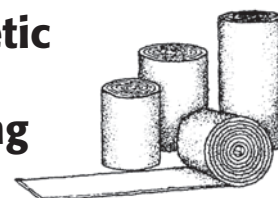

## Synthetic Stockinet

A porous, knit sleeve that sheds water and reduces maceration.

1" × 25 yds.	1 roll
2" × 25 yds.	1 roll
3" × 25 yds.	1 roll
4" × 25 yds.	1 roll

## Synthetic Cast Padding

A water-shedding cast padding for general orthopedic use.

2" × 4 yds.	20 rolls per bag
3" × 4 yds.	20 rolls per bag
4" × 4 yds.	20 rolls per bag

# Orthopedic Instruments

## PINS & WIRE

### Cerclage Wire

Fine quality cerclage wire on autoclavable nylon spools.

18 g × 10 m

20 g × 10 m

22 g × 10 m    26 g × 10 m

24 g × 10 m    28 g × 10 m

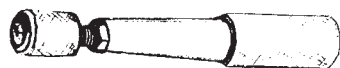

### Cerclage Wire Eyelet

With pre-formed eyelet. 6 per pack.  
18 g, 20 g, or 22 g × 12". **J-260AL**

### Large Cerclage Wire Twister

Will work with any size wire. For cerclage, hemicerclage or tension band wiring. Stainless. 7"L. **J-215L**

### Cerclage Wire Tightener for Loop-Style Cerclage Wire

Velvet finish. German made. 5"  
**J-218LD**

### K-Wire Cutters

With tungsten carbide inserts.

Cuts wire up to  
2.5 mm. 8½"L.  
**J-220BA**

Cuts wire up to  
2.2 mm.  
9"L.  
**J-220BB**

## KITS

### CCL Suture System Starter Kit

Kit includes:

- Crimping forceps (J-710)
  - 5 pkg. crimp tubes and 80 lb. line (sterile) and 5 pkg. crimp tubes and 50 lb. line (sterile)
  - Bone tunnel borer (J-236t)
  - Small-eyed graft passer (J-236se)
  - Procedure instructions on CD-ROM
- J-710s** Deluxe Starter Kit

### Meniscus Surgery Kit

Kit includes:

- Meniscus probe 1mm tip (J-710NA)
  - Hohman retractor 12mm (J-235A)
  - Super Mini Hohman retractor 4mm (J-235MA)
  - Stifle retractor (J-240)
  - Small stifle retractor (J-240WA)
  - Microtooth meniscus clamp (J-236H)
  - Microscalpel scalpel handle (J-890)
  - 5 each Microscalpel scalpel blade #65 (J-891A) and #64 (J-891)
  - Surgery tray with silicone pegs
  - Cloth wrapper for sterilization
- J-710t** Meniscus Surgery Kit

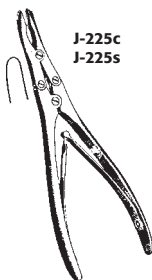

## INSTRUMENTS

### Rongeur

German made. Stainless.

#### J-225c Ruskin

Curved. 3mm bite.  
18cm (7").

#### J-225s Ruskin

Straight. 3mm bite.  
18cm (7").

#### J-225L Stille-Luer

Curved. 8mm bite.  
22cm (8½").

#### J-224 Duck-Billed Mini-Rongeur

This X-small rongeur was designed specifically for use in delicate spinal cord surgery. It is especially effective in removing the final layer of bone overlying the spinal cord in laminectomy procedures. Stainless. 2mm bite. 5¼".

#### J-224f Micro Friedman Rongeur

Very delicate. 5½" (14cm) curved jaw. 1.3mm W.

#### J-225e Ecklin-Duckbill Rongeur

Double action.  
3mm bite.  
8½"

#### Key Periosteal Elevator

Slightly curved blade. German. Stainless. 190mm. (7½").

#### J-226a Elevator

Blade, 6mm.

#### J-226b Elevator

Blade, 12mm.

#### J-226c Elevator

Blade, 19mm. Recommended for periosteal stripping in foals.

### U.S. Army Pattern Chisel

Striking button for easier use with Gerzog mallet. German. Stainless. 17cm L (6½").

**J-227a Chisel** – Blade, 6mm W.

**J-227b Chisel** – Blade, 12mm W.

### Jorgensen Osteotome

Shorter length for finer control, suggested for femoral head removal. German. Stainless. 13.5cm (5").

#### J-228a Osteotome

Blade, 10mm W.

#### J-228b Osteotome

Blade, 16mm W.

### Gerzog Orthopedic Mallet

Hollow handle with 16 oz. lead-filled head. 25 × 35mm head. German. 18cm (7¼").

**J-228m** Orthopedic mallet

## Feline Breathe Easy Inhalant Delivery System

*A great aid in treating feline asthma has been improved!*

The pocket spacer holds a metered dose inhaler (MDI) to deliver medication.

The new pocket spacer is called the Vortex and has three advantages over other plastic pocket spacers:

1. Anodized Aluminum chamber versus plastic. The anodized aluminum is non-electrostatic and delivers more medication from the MDI to the patient.
2. 'Duckbill'shapped valve designed for minimal aspiratory effort, ensures a low loss of medication.
3. Vortex Cyclonic aspiratory flow pattern enhances aerosol delivery.

**J-843 Feline Breathe Easy Inhalant Delivery System** – Complete kit includes two different sized masks. Directions include suggested treatment regimes.  
Cylinder: 4 $\frac{3}{8}$ "H, 1 $\frac{3}{4}$ "dia., 1.3 oz.

### Replacement Masks –

**J-298dd** 1" i.d. widest area  $\times$  1 $\frac{3}{4}$ " vertical i.d.

**J-298de** 1 $\frac{1}{4}$ " i.d. widest area  $\times$  1 $\frac{1}{4}$ " vertical i.d.

## Smart Oxygen™ Portable ICU

### Features:

- Lightweight metal cage is completely covered with clear vinyl canopy
- Various portals allow administration of oxygen
- Nebulization equipment also included
- Plastic tray covers bottom of unit
- Opens on top and zippered close for tight seal
- 25 lb. patient Capacity

### Suggested Use:

- Respiratory distress
  - Pre and post anesthesia
  - Nebulization for treatment of respiratory disease
- J-1509**

## Oxygen Concentrator

Oxygen concentrators separate air into primary components such as oxygen and provide the lowest cost mechanism to do so. The Integra offers an ideal and innovative system for supplying oxygen to anesthesia machines and for emergency oxygen needs. This concentrator will extract medical grade O<sub>2</sub> directly from the air and deliver it to a desired location. The digital flow rate meter delivers 1–7 lpm or 1–10 lpm of continuous O<sub>2</sub>. If the flow meter rate is set at 1 lpm it will deliver a 95% O<sub>2</sub> concentration, 5 lpm will deliver 90% concentration.

### Features:

- Reliable O<sub>2</sub> production with constant delivery pressure
- Compact, lightweight
- Quiet operation
- Easy-to-read digital flow meter
- Control knobs are large and easily accessible
- Self cleaning, minimal maintenance
- 14.7" W  $\times$  26" H  $\times$  10.1" D. 54 lbs.
- Three-year warranty

### Performance:

- Flow rate: variable  $\frac{1}{2}$ –7 lpm or  $\frac{1}{2}$ –10 lpm
- O<sub>2</sub> pressure 5 psi (37.9 Kpa) minimum
- O<sub>2</sub> Concentration 95–92% at 0–3 lpm 95–90% at 3–5 lpm
- Designed for anesthesia machines, 2 maximum.

**J-744a Oxygen Concentrator**  
with 0–10 lpm flow rate

## Oxydome

The **Oxydome** oxygen hood delivers oxygen to smaller patients either in a cage or out in the open. Made from clear high quality thin medical grade plastic, it is held in place by two cylindershaped weights. Three inlet holes allow a choice of positioning oxygen delivery. Perforated head opening allows for size variances in patients. Includes connectors and hoses that allow easy connection to oxygen.

**J-1289 Complete Oxydome system** – Includes 1 dome, weights, 2 oxygen hoses (7 ft. and 25 ft.), oxygen connectors

**J-0655** Oxygen hose, 7 ft. 4 pack

## Anesthesia Chamber

The Lexan anesthesia chamber provides a simple method of induction. Chamber induction reduces restraint, minimizing stress and reducing the chance of injury to the operator and animal. The divider system allows three different size chambers within the one unit: 18"  $\times$  9"  $\times$  9", 12"  $\times$  9"  $\times$  9", and 6"  $\times$  9"  $\times$  9". 10 lbs.

**J-265 Anesthesia Chamber**

**Jorvet™**

## Top Line Anesthesia Machine

- Stainless steel vaporizer end caps versus black plastic (vaporizer not included)
- Top shelf 8.5"D x 21"W
- Heavy duty flowmeter
- Flush valve
- Optional Bain Block
- Plenty of shelf space 11.5"D x 19"W
- Simple toggle switch between non-rebreathing and traditional rebreathing circuits, helps eliminate connection errors and saves time
- Larger capacity soda lime canister
- Can easily support an oxygen concentrator
- 4-point stand for improved

**J0558z** – Top Line Anesthesia Machine w/o Vaporizer

**J0558x** – Top Line Anesthesia Machine w/Oxygen Concentrator Package

**J0558z** – Optional Bain Block

**J0558d7v** – Pop-off Valve with Built in Occlusion

**J0558y** – Bain Non-rebreathing Assembly – Safety for smaller patients

## Anesthetic Agents

### Anased

200 mg/mL 20 mL

100 mg/mL 50 mL

### Isoflurane

100 mL

250 mL

### Ketamine

10 mL

### Propofol

20 mL

### Sevoflurane

250 mL

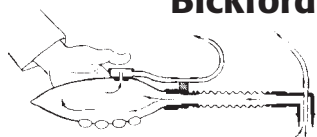

## Breathing Tubes

*Reusable Quality Black Conductive Neoprene Breathing Tubes*

**18001** – Adult  $\frac{7}{8}$ " I.D. 22mm (or  $\frac{7}{8}$ " I.D.) ends 36" length

**18003** – Pediatric,  $\frac{5}{8}$ " I.D. x 30" long, one end 22mm female, other end 15mm female end fittings are black plastic

## Bickford PC-2 Non-Rebreathing System – Complete System, PC-2A

Chrome plated brass NRB mask elbow directly connected to a 1-liter  $\frac{7}{8}$ " neck conductive rubber breathing bag, PC-2 valve, supply and discharge tubing, and connectors for vaporizer outlet. Assembled and ready for use. **Model 80010**

## Disposable Breathing Circuits

Polyethylene, Semi-transparent: can be cleaned with soap & water and non-solvent cold disinfecting solution for several reuses.

**52019 Adult Size**

$\frac{7}{8}$ " I.D. x 40" length. 22mm end connections, "Y" piece fits mask directly or standard endo tube connector. Elbow not required unless 90° bend desired.

**27392 Pediatric Size**

$\frac{5}{8}$ " I.D. x 40" length. 22mm end connections, parallel "Y" piece, mask elbow included.

**27393**

Single pediatric Br. tube  $\frac{5}{8}$ " I.D. x 30" length. 22mm F. one end, bare  $\frac{5}{8}$ " F. other end.

## Endotube Veterinary-size

11 mm x 18"

12 mm x 18"

13 mm x 18"

14 mm x 18"

## Breathing Bags

*Reusable Quality Black Conductive Latex Rubber Breathing Bags*

Standard  $\frac{7}{8}$ " bushing neck.

18900	$\frac{1}{2}$ liter
18701	1 liter
18702	2 liter
18703	3 liter
18704	4 liter
18705	5 liter

## Veterinary-size Endotracheal Tubes

PVC plastic, Murphy eye, inflatable cuff, pilot balloon, inflation valve and connector

*I.D. Sizes*

11mm

12mm

13mm

## Endotracheal Tubes

Human sizes I.D. 3–10mm in  $\frac{1}{2}$  steps. PVC clear plastic, Murphy eye style with inflatable cuff, pilot balloons, inflation valve and connector. Intended for single use but may be cold sterilized with non-solvent cleaning solutions for reuse

## Endotracheal Tube Rack

Rack keeps up to 20 tubes arranged by size for quick access in any emergency. Attaches easily to most wall surfaces by four adhesive strips or metal screws (included). 12" x 20.5". 4 lbs. **J160C**

## Red Rubber Endotracheal Tube

With inflatable cuff.	2.5mm	7.0mm
Red rubber; available in .5mm increments from 2.5 to 11.0mm. Adaptor not included except where specified. Hard-to-find extra-large size now available. Murphy eye.	3.0mm	7.5mm
	3.5mm	8.0mm
	4.0mm	8.5mm
	4.5mm	9.0mm
	5.0mm	9.5mm
	5.5mm	10.0mm
	6.0mm	10.5mm
	6.5mm	11.0mm

## Isoflurane

Nonflammable, non-explosive inhalation anesthesia for horses and dogs. Each mL contains 99.9% isoflurane.

100 mL or 250 mL

## Esophageal Stethoscope

12 FR • 18 FR • 24 FR  
48" Length

## Anesthesia Masks

**Feline:** Small, Medium or Large

**Canine:** Small or Large

## Jorvet™ Soda Lime

**Carbon dioxide absorbent granules** – Minimal dust. No KOH. Particle size: 4–8 USP Mesh. Saturation indicator changes from white to violet.

3 lb. foil lined bag or 5 gallon container

**Cannisters** – Prefilled. 920 grams

## JorVet™ X-RAY ACCESSORIES

### X-ray Aprons

Three different styles are offered. Shoulder pads included. Maroon and black paw design. 0.5mm Pb equivalency.

**J-676m Apron**, quick release buckle. Small 32" length

**J-676ml Apron**, quick release buckle. Large 36" length

### Velcro Tie Apron

Features two hook and loop (velcro) flaps at the waist which aid in relieving weight off of the shoulder. Comfortable fit attained by varying the position of the flaps. Maroon with black paw print design.

**J-676wa Small** 32" length

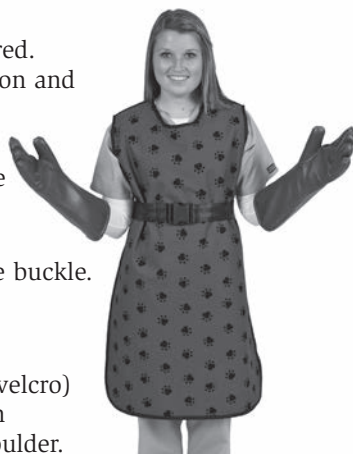

**J-676wb Large** 36" length

### Economy X-ray Aprons

Standard tie-on strap. Shoulder pads included. Royal blue nylon.

**J-676ta Small** 32" length

**J-676tb Large** 36" length

### Lead Gloves – Vinyl

**J-677x** Seamless lead vinyl gloves are a 15" one piece dip molded glove with supple vinyl cover and foam liner. Burgundy color. 0.5mm Pb equivalency

### Vet Mitts

**J-677m** Palm slit allowing fingers to exit for freedom of movement but still cover top of hand during radiology. Royal blue nylon. 0.5mm Pb equivalency

### Open Palm Mitts

**J-677p** Shields the back of the hand. Hook and loop strap closure across the palm for quick removal. Covered in dark blue webblon. 0.5mm Pb equivalency

### Wrap Around Eyewear

**J-676e** Molded wrap styling in durable tortoise nylon frame with leaded side shields. Front & side lenses 0.75mm Pb equivalent optical lead glass

### Thyroid Collar

**J-0678n** New style thyroid collar offers a trim yet shielded and comfortable design. Includes binding and rear hook and loop closure. Standard 0.5mm Pb Equivalency protection in royal blue nylon. 25.5" length, 10 × 5.5" bib

**J-0679n** Includes edge binding for comfort. Rear hook/loop closure. 18.5" length, 10 × 6.5" bib

## JorVet™ K-9 EZ Boy Radiographic Positioning Aids

*Reduces radiation exposure to staff  
Decreases motion, better positioning and comfort of animals*

Available in a variety of shapes, the most popular being the 'V' trough. Two styles:

- 1. Non-coated:** soft open cell gray sponge material provides excellent support and comfort at a less expensive cost.
- 2. Covered:** dark blue nylon reinforced vinyl. Also features hook and loop straps to secure limbs, readily cleaned for quick re-use.

Size: Length x Width x Height	Covered	Non-Covered

## INSTRUMENTS

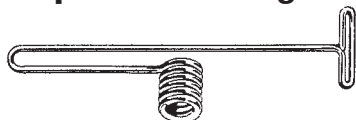

### Dental

#### Bayer Mouth Wedge

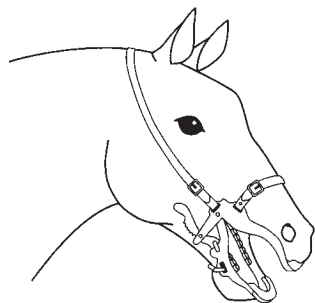

This oral speculum is very handy when examining the oral cavity or doing dental work in equine. Stainless steel. **J-38**

#### Schoupe Mouth Wedge

Reduces the danger of slipping with this instrument since it is held in place by the equine cheek area. Inserted without difficulty. It permits greater freedom in treating any part of the oral cavity. Tie rope included. **J-38s**

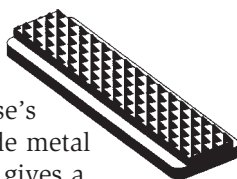

#### McPherson Mouth Gag

Full mouth gag for equine dental work. Comes complete with leather straps and tooth plates for upper and lower incisors. Stainless steel. **J-38mps**

#### Carbide Float Blade

These new blades take a lot of the work out of floating a horse's teeth. The carbide metal is very hard and gives a razor sharp edge. This is the new standard in equine dentistry. Blade can be resharpened 3 times. Available in 3 different grits: fine, medium, and coarse. Medium is the most common grit used. Fits any standard flat headed float.  $3\frac{1}{4}'' \times 1''$ . **J-57**

#### Flat Float Blade

With tungsten carbide chips fits any standard float.  $1'' \times 3\frac{1}{4}''$ . **J-57s**

#### Flat Float Blade

This is the float blade made of specially hardened steel, fits all standard size floats. Rasp and rasp. **J-58ft**

### Hoof Care

#### Hoof Knife

# HSB TERMS OF SALE

## ■ **PRICING:**

We make every effort to maintain prices for the duration of a catalog, but we reserve the right to make price adjustments in response to the fluctuating market costs.

## ■ **SHIPPING:**

All orders are shipped within 24 hours, by FedEx ground service.

Although we require no minimum order, orders under \$100.00 are subject to a shipping and handling charge of \$15.50. FREE shipping on orders of \$100.00 or more in the continental U.S.

For customers in Alaska and Hawaii, orders will be sent FedEx Second-Day Air. HSB will pay the amount that equals to ground service to California and you will be charged for the difference.

## ■ **PAYMENT TERMS:**

Credit card: MasterCard, Visa, Discover or Amex. Past due balances paid by credit card are subject to a \$35.00 convenience fee.

Net 30 days\* upon completion and approval of our credit application. Interest will be charged 1.875% per month for any overdue balance.

All returned checks will be subject to a fee of \$40.00.

ACH payments are also accepted. Past due balances paid by ACH payments are subject to a \$10.00 convenience fee.

## ■ **CLAIMS:**

Inspect your order thoroughly as soon as it arrives. All claims must be made within 24 hours of delivery.

## ■ **RETURNS:**

No merchandise may be returned without prior authorization. HSB will accept merchandise returns from the original customer, ONLY under the following conditions:

- All returns must be arranged in advance by calling 1-800-526-8981.
- Returned goods must be in their original, clean, unmarked, resellable package.

Returns made within: 30 days of the invoice date will be given 100% credit.

31-75 days, 80% credit will be given.

76-150 days, 50% credit will be given.

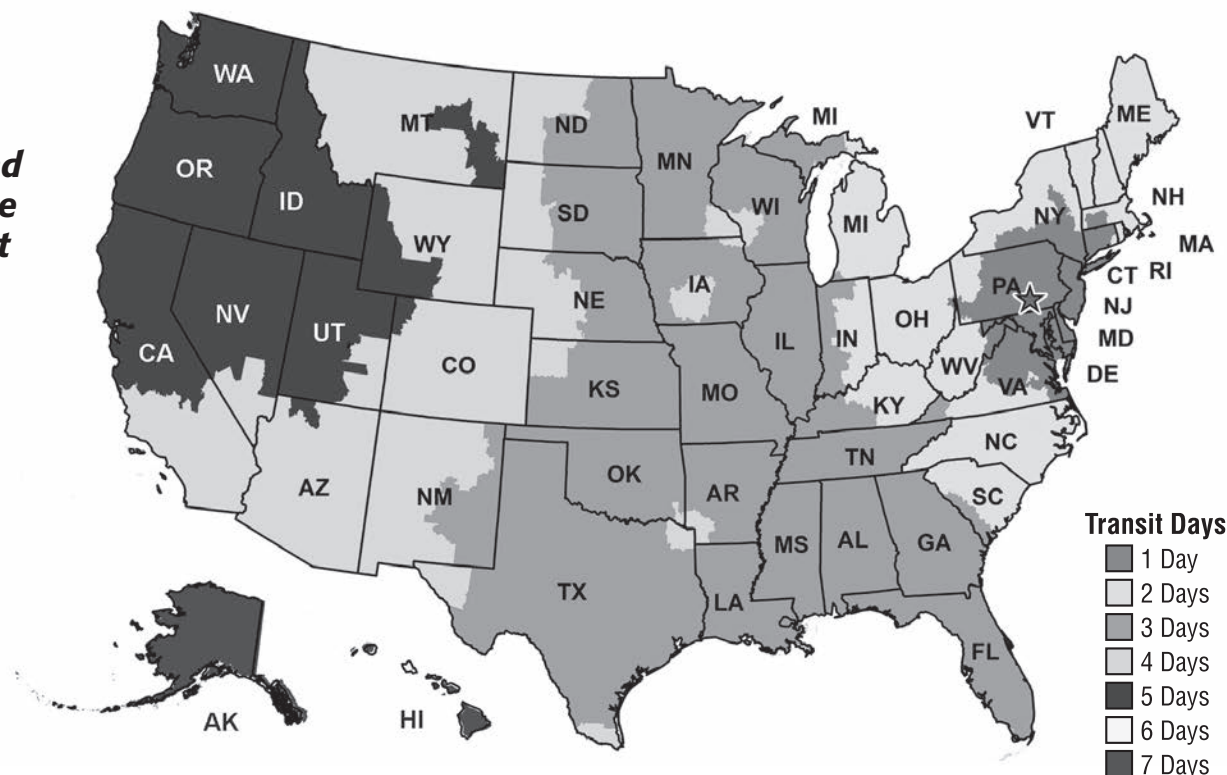

No credit for merchandise unsuitable for resale because of age, condition of items, obsolescence or expiration date.

All Special Order items, close-outs and short-dated items are not returnable.

## ■ **\*TERMS:**

In the event the account is not paid within one month of the invoice date, HSB may assign the same for collection and the customer agrees to pay all costs including reasonable attorney, collection and court fees necessary to collect the amount owed.
