As we approach the quarter pole of this century, I look at all the technological advancements, such as Al, 3D printing, and real-time monitoring, and wonder where this will lead us in the future.

This also has me reminiscing about the

35 years HSB has been serving Veterinarians across the country. We have grown from a start-up company working out of my basement to a company working out of a 20,000-square-foot warehouse. HSB has resisted offers to be acquired by larger human companies so we could concentrate our efforts solely on one area: the Veterinary Profession.

Mark, all the employees, and I take immense pride in our work and always go the extra mile for you, the veterinarian. All at HSB understand the meaning of our motto, "Large Enough to Serve ... Small Enough to Care."

## The MAXI/GUARD® Line...

Improving the lives of animals through innovative and exclusive veterinary technologies.

## **Dental Health Solutions for Every Situation**

## MAXI/GUARD® **Oral Cleansing Gel**

Recommended for:

- Advanced Periodontal Cases
- Post Surgery
- Pre and Post Prophy

## MAXI/GUARD® OraZn®

Recommended for:

- Maintaining Oral Health
- Tough Pet Acceptance Cases
- Post Prophy for All Pets

Both MAXI/GUARD® Oral Cleansing Gel and MAXI/GUARD® OraZn® are very effective home dental care products that can be used with or without brushing. When used properly, they can extend the time between professional dental prophylaxis.

## Safe & Effective Control of Chronic Yeast Otitis

## MAXI/GUARD® Zn4.5 Otic<sup>TM</sup>

- Resolves Itchy Ears
- Non-Steroidal/Non-Antibiotic
- Scent Free Not Oily or Greasy

#### MAXI/GUARD® Zn7™ Derm Aids in the Healing of:

**Exclusive Zinc-Based Skin Care** 

- Hot Spots ■ Feline Chin Acne
- Moist Incisions
- Post Surgery Wounds
- Foot Pads

Zn7™ Provides: Relief from Itching, Tissue, Friendly pH, Enhanced Follicular Regeneration – Without the Use of Steroids or Antibiotics

ADDISON BIOLOGICAL LABORATORY, INC. • www.addisonlabs.com

**Zn4.5 Otic™** can also be used for long-term maintenance to prevent many ear problems associated with Otitis Externa. Visit us on the web at: www.hsbvet.com

## Pala-Tech LABORATORIES

**Canine F.A./Plus** (Omega Fatty Acids, Vitamins & Minerals) Chewable Tablets: 60 tablets/bottle

Small/Medium Dog (1 tab/10 lbs.), Large Dog (1 tab/50 lbs.) **Granules:** 650 grams

**Canine Joint Health** (Glucosamine HCl, Creatine & MSM) Soft Chewss: 120 chews Granules: 720 grams

**Tricky Treats with MOS MAX** 

(Highly palatable treat to hide medications)

Chicken or Duck flavored: 30 or 400 soft treats/bag

**Potassium Citrate Plus Cranberry** 

(Micro-Encapsulated Potassium Citrate & Cranberry Extract)

Chewable Tablets: 100 tablets/bottle Granules: 300 or 1,800 grams

**Cranberry Plus** (Cranberry Extract, Echinacea, Oregon Grape

Root & Sodium Ascorbate)

Chewable Tablets: 60 tablets/bottle Granules: 300 grams

Vitamin K<sub>1</sub> Chewable Tablets – Rx (Phytonadione)

25 mg or 50 mg 50 tablets/bottle

## **EPIZYME**<sup>TM</sup>

Quality Critical Care.

**Quality-** Epizyme Pancreatic Powder is manufactured in the U.S.A, acetone free, to the highest quality FDA standards.

Critical- Epizyme has been prescribed as a successful component in the treatment of Exocrine Pancreatic Insufficiency for over a decade.

**Care-** We prioritize our production of Epizyme to ensure that your patients have a reliable supply of this critical care product at an affordable price.

#### Biotin-100

Biotin and DL-Methionine powder supplement for horses. Each 400 grams is a 30- to 60-day supply for an adult horse. Easy and convenient mehtod of supplementation. Dramatically improves hoof condition in 3 to 5 months with daily feeding.

5 lb. bag or 20 lb. pail

#### Cani-Flex Chewable Tablets\*

A tasty glucosamine nutraceutical for healthy cartilage and joint function in dogs and cats. Each tablet contains 500 mg of D-glucosamine HCL.

60 tablet bottle

#### **Derma-Form Liquid\***

For improvement of dry skin and dry hair by providing a nutritional source of polyunsaturated fatty acids and vitamins A, D and E. For dogs and cats. Ingredients: unsaturated fatty acids from both plant and animal origins.

8 oz. bottle

#### Felo-Form Chewable Tablets\*

For use as a vitamin and mineral supplement for cats. Also contains taurine and potassium.

50 tablet bottle

#### **Geri-Form Chewable Tablets\***

For use as a dietary supplement to increase levels of essential phospholipids and glycolipids, plus choline (acetylcholine precursor) and other important nutrients in older dogs and cats.

50 tablet bottle or 150 tablet bottle

#### **Isotone SA**

A highly palatable isotonic, buffered nutritional supplement for dogs and cats. Dissolve the contents of one 16 gram packet in one pint of water. 16 gram packets packaged, 144/case

#### **Lipo-Form Chewable Tablets\***

For use as a supplementary dietary source of the lipotropic factors: choline and methionine in dogs and cats. 50 tablet bottle or 500 tablet bottle

#### **Methio-Form®**

For use in acidifying the urine of dogs and cats. Aids in prevention and treatment of LUTD (FUS) in cats. Active ingredient: DL-Methionine 500 mg/tablet. 50 tablet bottle 150 tablet bottle 500 tablet bottle

#### Osteo-Form Chewable Tablets\*

For use as an aid in the prevention of dietary deficiencies of calcium, phosphorus and vitamins A and D in dogs and cats. 1.8 to 1 calcium to phosphorus ratio corrects deficiencies without danger of excess phosphorus. Palatable bone ash and bone meal sources of calcium and phosphorus.

50 tablet bottle, 150 tablet bottle or 500 tablet bottle

#### Osteo-Form SA Powder

Aids in the prevention of dietary deficiencies of calcium, phosphorus and vitamins A and D in dogs, cats, birds and reptiles. A natural source of readily assimilable calcium and phosphorus. 350 gram bottle

#### Pet-Form® Chewable Tablets\*

Most complete vitamin-mineral chewable tablet with unsurpassed palatability for dogs and cats. 8 vitamins and 11 minerals, also contains choline and DL-Methionine. FREE Individually wrapped samples and jar available.

50 tablet bottle 150 tablet bottle 500 tablet bottle

#### **PrednisTab®**

Prednisolone USP for oral use in dogs. Aids in controlling inflammatory and pruritic conditions known to be responsive to corticosteroids.

5 mg 1,000 tablet bottle 20 mg 500 tablet bottle

#### Thyro-L® Powder

For use in the correction 1 lb. or 10 lb.

#### Thyro-Tabs®

For use in the correction of conditions associated with hypothyroidism in dogs. Small scored caplets. Available in strengths: 0.1, 0.2, 0.3, 0.4, 0.5, 0.6, 0.7, 0.8 mg,

and 1.0 mg each color coded for easy identification. Active ingredient: levothyroxine sodium.

120 or 1,000 count

#### **ToxiBan**™

Activated charcoal with kaolin for use as an aid in the treatment of poisoning by most organic chemical compounds. Available as granules and suspension.

Granules:

1 pound bottle 5 kg (11 lb) pail Suspension: 240 mL bottle

#### ToxiBan™ with Sorbitol

Ready-to-use activated charcoal suspension with kaolin and with the osmotic cathartic sorbitol. Use as an emergency treatment for poisoning of small animals.

Suspension: 240 mL bottle

#### Veta-Lac® Powder Canine and Powder Feline

Fortified dry milk with vitamins, minerals and methionine for puppies and kittens. Veta-Lac Powder Feline contains taurine. Reconstitutes in warm water.

MAXI/GUARD line of products for veterinary dental home care, otology, dermatology and wound care.

## MAXI/GUARD Oral Cleansing Gel and MAXI/GUARD OraZn

Reduces the deposition of plaque • Superior pet acceptance • Unmatched client compliance • Helps reduce inflammation

#### Similarities and Differences:

Both MAXI/GUARD Oral Cleansing Gel and MAXI/GUARD OraZn are very effective home dental care products. Both of these products are ideally dispensed immediately after a professional dental prophylaxis and, when used properly, can extend the time between these dental cleanings.

**MAXI/GUARD** Oral Cleansing Gel has a long history of being the most complete home dental care product available. The unique zinc ascorbate formulation is very effective in helping reduce gingival inflammation, reducing the deposition of plaque and neutralizing offensive mouth odors. It is considered our "professional strength" product and is very concentrated. MAXI/GUARD Gel is recommended for severe oral problems such as advanced periodontal cases, post oral surgery and pre and post prophy. 4 oz. bottle

**MAXI/GUARD** Oral Cleansing Wipes are both an effective pet oral care product and applicator all in one. Cleansing the oral cavity of pets is much faster and easier since the wipes are infused with our unique zinc formulation. This taste free compound neutralizes offensive mouth odors, helps reduce the deposition of plaque and aids in gingival inflammation. The wipes are textured to assiste in the mechanical removal of plaque, but not so rough to cause damage to the gum tissue. MAXI/GUARD Oral Wipes increase owner compliance and pet acceptance. 10-wipe pack or 100/jar

**MAXI/GUARD** OraZn is a newer home dental care product that features excellent pet acceptance. It utilizes a taste-free, neutralized zinc (pH 7) formulation that is acceptable to even the most challenging cases such as cats and small dogs. OraZn also helps reduce the deposition of plaque, aids in the reduction of gingival inflammation and neutralizes offensive mouth odors. The product is very effective in maintaining oral health after a dental prophylaxis. 2 oz. bottle

## Barrier for Dogs and Cats (imidacloprid + moxidectin)

**Topical Solution** 

**BRIEF SUMMARY:** Before using Barrier for Dogs (imidacloprid + moxidectin) or Barrier for Cats (imidacloprid + moxidectin), please consult the product insert, a summary of which follows:

**CAUTION:** Federal (U.S.A.) Law restricts this drug to use by or on the order of a licensed veterinarian.

#### Barrier° for Dogs:

#### WARNING

- DO NOT ADMINISTER THIS PRODUCT ORALLY.
- For the first 30 minutes after application ensure that dogs cannot lick the product from application sites on themselves or other treated animals.
- Children should not come in contact with the application sites for two (2) hours after application.

(See Contraindications, Warnings, Human Warnings, and Adverse Reactions for more information.)

#### **INDICATIONS:**

**Barrier for Dogs** is indicated for the prevention of heartworm disease caused by *Dirofilaria immitis* and the treatment of *Dirofilaria immitis* circulating microfilariae in heartworm-positive dogs. Barrier for Dogs kills adult fleas and is indicated for the treatment of flea infestations (*Ctenocephalides felis*). Barrier for Dogs is indicated for the treatment and control of *sarcoptic mange* caused by *Sarcoptes scabiei var.canis*. Barrier for Dogs is also indicated for the treatment and control of the following intestinal parasites species: Hookworms (*Ancylostoma caninum*) (*Uncinaria stenocephala*), Roundworms (*Toxocara canis*) (*Toxascaris leonina*) and Whipworms (*Trichuris vulpis*).

Barrier for Cats is indicated for the prevention of heartworm disease caused by *Dirofilaria immitis*. Barrier for Cats kills adult fleas (*Ctenocephalides felis*) and is indicated for the treatment of flea infestations. Barrier for Cats is also indicated for the treatment and control of ear mite (*Otodectes cynotis*) infestations and the intestinal parasites species Hookworm (*Ancylostoma tubaeforme*) and Roundworm (*Toxocara cati*). Ferrets:

Barrier for Cats is indicated for the prevention of heartworm disease in ferrets caused by *Dirofilaria immitis*. Barrier for Cats kills adult fleas (*Ctenocephalides felis*) and is indicated for the treatment of flea infestations in ferrets.

CONTRAINDICATIONS: Do not administer this product orally. (See WARNINGS). Do not use the Dog product (containing 2.5% moxidectin) on Cats.

#### **WARNINGS:**

Barrier for Dogs: For the first 30 minutes after application: Ensure that dogs cannot lick the product from application sites on themselves or other treated dogs, and separate treated dogs from one another and from other pets to reduce the risk of accidental ingestion. Ingestion of this product by dogs may cause serious adverse reactions including depression, salivation, dilated pupils, incoordination, panting, and generalized muscle tremors. In avermectin sensitive dogs<sup>a</sup>, the signs may be more severe and may include coma and death<sup>b</sup>.

- <sup>a</sup> Some dogs are more sensitive to avermectins due to a mutation in the MDR1 gene. Dogs with this mutation may develop signs of severe avermectin toxicity if they ingest this product. The most common breeds associated with this mutation include Collies and Collie crosses.
- <sup>b</sup> Although there is no specific antagonist for avermectin toxicity, even severely affected dogs have completely recovered from avermectin toxicity with intensive veterinary supportive care.

Barrier for Cats: Do not use on sick, debilitated, or underweight cats. Do not use on cats less then 9 weeks of age or less than 2 lbs. body weight. Do not use on sick or debilitated ferrets.

HUMAN WARNINGS: Not for human use. Keep out of the reach of children. Dogs: Children should not come in contact with the application sites for two (2) hours after application. Cats: Children should not come in contact with the application site for 30 minutes after application.

Causes eye irritation. Harmful if swallowed. Do not get in eyes or on clothing. Avoid contact with skin. Wash hands thoroughly with soap and warm water after handling. If contact with eyes occurs, hold eyelids open and flush with copious amounts of water for 15 minutes. If eye irritation develops or persists, contact a physician. If swallowed, call poison control center or physician immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or physician. People with known hypersensitivity to benzyl alcohol, imidacloprid, or moxidectin should administer the product with caution. In case of allergic reaction, contact a physician. If contact with skin or clothing occurs, take off contaminated clothing. Wash skin immediately with plenty of soap and water. Call a poison control center or physician for treatment advice. The Safety Data Sheet (SDS) provides additional occupational safety information. For a copy of the Safety Data Sheet (SDS), to report adverse reactions, or consumer questions call Aurora Pharmaceutical at 1-888-215-1256.

**PRECAUTIONS:** Do not dispense dose applicator tubes without complete safety and administration information. Use with caution in sick, debilitated or underweight animals. The safety of Barrier for Dogs has not been established in breeding, pregnant, or lactating dogs. The safe use of Barrier for Dogs has not been established in puppies and dogs less than 7 weeks of age or less than 3 lbs. body weight. Barrier for Dogs has not been evaluated in heartworm-positive dogs with Class 4 heartworm disease. Cats may experience hypersalivation, tremors, vomiting and decreased appetite if Barrier for Cats is inadvertently administered orally or through grooming/licking of the application site. The safety of Barrier for Cats has not been established in breeding, pregnant, or lactating cats. The effectiveness of Barrier for Cats against heartworm infections (D. immitis) after bathing has not been evaluated in cats. Use of this product in geriatric cats with subclinical conditions has not been adequately studied. Ferrets: The safety of Barrier for Cats has not been established in breeding, pregnant, and lactating ferrets. Treatment of ferrets weighing less than 2.0 lbs. (0.9kg) should be based on a risk-benefit assessment. The effectiveness of Barrier for Cats in ferrets weighing over 4.4 lbs. (2.0 kg) has not been established.

ADVERSE REACTIONS: Heartworm Negative Dogs: The most common adverse reactions observed during field studies were pruritus, residue, medicinal odor, lethargy, inappetence and hyperactivity.

Heartworm Positive Dogs: The most common adverse reactions observed during field studies were cough, lethargy, vomiting, diarrhea (including hemorrhagic), and inappetence. Cats: The most common adverse reactions observed during field studies were lethargy, behavioral changes, discomfort, hypersalivation, polydipsia and coughing and gagging. Ferrets: The most common adverse reactions observed during field studies were pruritus/scratching, scabbing, redness, wounds and inflammation at the treatment site; lethargy; and chemical odor.

For a copy of the Safety Data Sheet (SDS) or to report adverse reactions call Aurora Pharmaceutical, Inc. at 1-888-215-1256 or www.aurorapharmaceutical.com.

Brand Equivalent: Temaril-P Tablets Dosage Form: Scored Tablets

Available in:

 $5 \text{ mg/2 mg} \times 100, \times 1,000$ 

#### Lubrication

#### **Eve Lube Pro**

Contains 0.30% Hyaluronic Acid and 0.45% Carbomer. Bulk format eye lubrication for in clinic use, such as anesthesia.

Available in: 20 gm tube with easy to apply tip

*Dosage:* Dogs/cats/horses – apply 1–2 drops, 2–4 times daily.

(In situations where the blink reflex is diminished, such as anesthesia, lubrication should be applied every 30 minutes.)

## Ocunovis™ Procare Eye Drops with Amino Acids

Contains 0.40% BioHance cross-linked Hyaluronic Acid. Long lasting lubrication suport for dry eye and KCS.

Available in: 10 mL dropper bottle Dosage: Dogs/cats – apply 1–2 drops

twice daily

## **Corneal Repair**

## Oculenis™ Ocular Repair Gel

Contains 0.75% BioHance crosslinked Hyaluronic Acid. Aids the healing of damage to the cornea. *Available in:* 3 mL dropper bottle *Dosage:* Dogs/cats/horses – apply 1–2 drops twice daily, as required.

#### Oculenis™ XL Corneal Repair Gel

Contains 0.75% BioHance crosslinked Hyaluronic Acid. Aids the healing of damage to the cornea. *Available in:* 10 mL dropper bottle *Dosage:* Dogs/cats/horses – apply 1–2 drops every 2–3 days.

## and Diagnostic Ocryl® Ocular Solution

**Corneal Debris Cleaner** 

General eye cleaner and tear stain remover.

Available in: 135 mL dropper bottle Dosage: Dogs/cats/horses – apply 2–3 times a week or daily if necessary.

#### Floudrop®

Single use eye drops containing veterinary fluorescein 0.5%. *Available in:* 10 x 0.4 mL dropper *Dosage:* Dogs/cats/horses – apply 1–2 drops.

## Oculenis™ SUPPORTS ACCELERATED HEALING AND HELPS REDUCE SCARRING

#### **Clindamycin Hyrdrochloride**

Oral antibiotic to treat soft tissue, dental and bone infections caused by susceptible strains of bacteria in dogs and cats

Capsules: For use in dogs only. For the treatment of infections caused by skin infections (wounds and abscesses) due to coagulase positive staphylococci; deep wounds and abscesses, dental infections, and osteomyelitis. 25 mg or 75 mg, 200 ct.; 150 mg, 100 or 500 ct.; 300 mg, 100 ct

Oral Solution Drops: For use in dogs and cats. Available in: 25 mg/mL 20 mL

#### Amoxicillin & Clavulanate Potassium Broad-spectrum antibiotic to treat many bacterial infections in dogs and cats

**Dogs:** For the treatment of periodontal and skin and soft tissue infections such as wounds, abscesses, cellulitis, and superficial/juvenile and deep pyoderma.

**Cats:** For the treatment of urinary tract infections (cystitis) and skin and soft tissue infections such as wounds, abscesses, and cellulitis/dermatitis.

**Tablets:** 62.5 mg, 125 mg, 250 mg, and 375 mg, tablets supplied in foil strip packs. Each carton: 15 foil strip packs with 14 tablets per strip (210 tablets per carton).

Oral Susp, Drops: 15 mL dropper bottle.

## Carprofen Chewable Tablets Convenient & effective pain relief for dogs

Proven safe for the treatment of pain, soreness, and inflammation associated with osteoarthritis and control of post-operative pain. Chicken liver flavored. 25 mg, 75 mg or 100 mg in 60 or 180 ct. bottles.

#### Furosemide Syrup 1% (10 mg/mL) A diuretic-saluretic for prompt relief of edema, for dogs only

Promotes the rapid removal of abnormally retained extracellular fluids. For the treatment of edema (pulmonary congestion, ascites) associated with cardiac insufficiency and acute noninflammatory tissue edema. 60 mL dropper bottle.

#### **DexmedVet™ Injection**

(Dexmedetomidine Hydrochloride)
A sedative, analgesic, and preanesthetic
for use in dogs and cats.

Facilitates clinical examinations, clinical procedures, minor surgical procedures, and minor dental procedures. Also for use as a preanesthetic to general anesthesia. For intramuscular and intravenous use in dogs older than 16 weeks and for intramuscular use in cats older than 12 weeks. Each mL contains 0.5 mg dexmedetomi-

dine hydrochloride, 1.6 mg methylparaben (NF), 0.2 mg propylparaben (NF), 9.0 mg sodium chloride (USP), and water for injection (USP), q.s. FDA approved. A generic equivalent to Dexdomitor. 10 mL multi-dose, rubber-stoppered glass vials.

#### **Cropamezole™ Injection**

(Atipamezole Hydrochloride)

A 0.5 mg/mL sterile injectable solution that is a reversing agent for use in dogs.

For the reversal of the sedative and analgesic effects of dexmedetomidine hydrochloride, and medetomidine hydrochloride. Administered intramuscularly (IM) for reversal of sedation and analgesia regardless of the route used for dexmedetomidine hydrochloride or medetomidine hydrochloride. For use in dogs older than four months of age and weighing more than 4.4 lbs (2 kg). Each mL contains 5.0 mg atipamezole hydrochloride, 1.0 mg methylparaben (NF), 8.5 mg sodium chloride (USP), and water for injection (USP). FDA approved; a generic equivalent to Antisedan. 10 mL multi-dose, rubber-stoppered glass vials.

#### **EnroPro™ Silver Otic**

Antibacterial-antimycotic emulsion for ototopical use in dogs.

Enrofloxacin 5 mg and silver sulfadiazine (SSD) 10 mg per mL. Treatment for canine otitis externa complicated by bacterial and fungal organisms susceptible to enrofloxacin and/or silver sulfadiazine. For canine otitis externa associated with one or more of the following organisms: malassezia pachydermatis; coagulase-positive staphylococcus spp.; pseudomonas aeruginosa; enterobacter spp.; proteus mirabilis; streptococci spp.; aeromonas hydrophila; aspergillus spp.; klebsiella pneumoniae; and candida albicans. Available in 15 mL/12 bottle carton and 30 mL/6 bottle carton of dropper bottles

#### Methylprednisolone

Potent glucocorticoid and anti-inflammatory agent for use in dogs and cats

Greater anti-inflammatory potency than prednisolone. Less likely to induce sodium and water retention. For dermal conditions, allergic manifestations, ocular conditions, otic conditions, musculoskeletal conditions, and various chronic or recurrent diseases of unknown etiology such as ulcerative colitis and nephrosis. Use in conjunction with therapeutic management of animals with chronic issues, such as rheumatoid arthritis. 1 mg, 2 mg (yellow round) and 4 mg (yellow oval) scored tablets in bottles of 100 and 500.

#### **Xylazine Injection**

A sedative and a preanesthetic to local or general anesthesia for use in horses only. For conducting various diagnostic, orthopedic and dental procedures of short duration.

Also be used as a preanesthetic to local or general anesthesia. May be used in conjunction with local anesthetics, such as procaine and lidocaine. A preanesthetic agent for sodium pentobarbital, sodium thiopental, sodium thiamylal, nitrous oxide, ether, halothane, guaifenesin and methoxyfl urane anesthesia. For intravenous or intramuscular use. Each mL contains xylazine HCl equivalent to 100 mg xylazine base. 20 mL and 50 mL multi-dose, rubber-stoppered glass vials.

#### Doraiect™

Highly active, broad-spectrum injectable parasiticide for cattle and swine

Treats and controls roundworm and arthropod parasites that impair the health and productivity of cattle and swine. Ready-to-use, colorless to pale yellow, sterile solution containing 1% w/v doramectin (10 mg/mL). Cattle: Treatment and control of gastrointestinal roundworms, lungworms, eyeworms, grubs, sucking lice, and mange mites. Swine: The treatment and control of gastro-

Swine: The treatment and control of gastrointestinal roundworms, lungworms, kidney worms, sucking lice, and mange mites. A generic equivalent to Dectomax®. 500 mL multi-dose, rubber-stoppered glass vials.

## Sulfadimethoxine Concentrated Solution 12.5%

For use in drinking water to control a variety of diseases in chickens (coccidiosis, fowl cholera, and infectious coryza), turkeys (coccidiosis, fowl cholera) and cattle (shipping fever complex and bacterial pneumonia associated). Use as a drench to treat individual animals or dispense through a water proportioner for mass medication. Bioequivalent to Albon® 12.5% Solution. 1 gallon (3.785 liters) bottle.

## **Cefpodoxime Proxetil Tablets, USP** *Third generation cephalosporin antibiotic.*

For the treatment of mild to moderate infections: acute otitis media; pharyngitis and/or tonsillitis; community-acquired pneumonia; acute bacterial exacerbation of chronic bronchitis; acute, uncomplicated urethral and cervical gonorrhea; skin and skin structure infections; acute maxillary sinusitis; and urinary tract infections (cystitis). Bioequivalent to Vantin®. 100 mg and 200 mg film coated tablets in 100 count bottles

## **Carofenvet™ (Carprofen) Injection** *Non-steroidal, anti-inflammatory (NSAID).*

For the relief of pain and inflammation associated with osteoarthritis and for the control of postoperative pain associated with soft tissue and orthopedic surgeries in dogs. Contains carprofen. For subcutaneous use in dogs. only.Generic equivalent to Rimadyl injection. 20 mL and 50 mL amber, glass, sterile, multi dose vials.

## Jorvet

## **Surgical Monitors**

**Doppler Ultrasonic Blood Flow Monitor.** Non-invasive blood pressure monitoring. Hypertension (high blood pressure) is often overlooked during diagnosis, treatment, and routine physical exams in small animals. In addition, many hypotensive (low blood pressure) patients, such as those suffering from shock, benefit greatly from Doppler measurement of blood pressure when knowing the pressure can mean effective and timely treatment.

Combining Doppler with an appropriate size "cuff" for small animals, provides the veterinarian with the same, noninvasive method for testing blood pressure as is available in human medicine. A small probe is placed over a peripheral artery (e.g., digital or coccygeal). An ultrasonic crystal in the probe transmits pulse wave sounds back to the amplifier. The pressure cuff is then placed proximal to the probe. The cuff is inflated until the pulse sounds are no longer audible. The cuff is slowly deflated, using the manometer, until pulse sounds are audible once more, at which point the manometer displays a numeric value of the animal's systolic pressure. Features:

#### **Features:**

- Lightweight, hand-held unit
- High quality, trigger-style sphygmomanometer
- Rechargeable Lithium Ion battery, approx. 6 hr of use with full charge
- Comes with 5 sizes of blood pressure cuffs, headphones, & tube of gel
- 4-minute auto shut off
- Complete with hard sided carrying case
- 2 year limited warranty on box and probe only

J0563n Complete Unit with flat 8mHz probe J0563nd10 Pencil Probe for Exotics (optional)

#### Features:

- Lightweight, hand-held unit
- High-quality, veterinary-specific sphygmomanometer
- Comes with two cuffs (2.5cm and 5.0cm)
- Runs on 9-volt battery (included) (must be alkaline)
- Headset included
- Complete with carrying case
- 3 minute auto shut off
- 2 year limited warranty on box and probe only

J0563 Complete Unit with small, flat probe

**J0563d3** Sphygmomanometer only. 6 month warranty

**J0563d4a** Cuff only. 1.9cm

#### **3M Littmann Cardiology IV Stethoscope**

Outstanding acoustics with better audibility of high-frequency sounds (adult side, firm pressure). Tunable diaphragm: Hear high or low frequency sounds by slightly adjusting pressure on the chest-piece. Dual-lumen tubing: Two sound paths in one tube eliminates the rubbing noise of traditional double tubes. Next-generation tubing lasts longer and resists stains. Not made with natural rubber latex or phthalate plasticizers. Headset is easily adjusted for individual fit and comfort. Angled eartubes align with ear canals. Made in USA. *Call for colors.* 7 year warranty

#### **3M Master Cardiology Stethoscope** – 27"

## 3M Littmann Master Classic II

**Veterinary Stethoscope** – For Veterinary use. Single-sided head. Navy blue tubing. 3 year warranty

## **3M Littmann Master Classic II Pediatric Stethoscope** – Two-sided of

**Pediatric Stethoscope** – Two-sided designed for smaller animals. 1" traditional bell and <sup>3</sup>/<sub>4</sub>" bell combined with floating diaphragm. *Call for colors*. 3 yr. warranty.

#### 3M Lightweight II S.E. Stethoscope

Lightest weight of all Littmann adult stethoscopes at just 118 grams. Dual-sided chest-piece provides versatility of both a tunable diaphragm and open bell. Teardrop-shaped chestpiece for easier positioning under blood pressure cuffs and around bandages. Tunable diaphragm: Hear high or low frequency sounds by slightly adjusting pressure on the chestpiece. Soft-sealing eartips provide an excellent acoustic seal and comfortable fit. An ideal entry level instrument.

#### **3M Classic III Monitoring Stethoscope**

Monitor and assess a wide range of patients. Made in the USA without natural rubber latex. Detect normal and abnormal sounds and rhythms. Useful in non-critical care environments such as a medical office, general ward, OB/GYN, ambulatory clinic or

urgent care. 5-year warranty. Fun and vibrant; match color and finish to your personality. Designed for use with adult and pediatric patients. Tunable, dual-sided stainless steel chestpiece with open or closed bell. Non-chill bell sleeve for greater patient comfort. Soft-sealing ear-tips provide optimal comfort and excellent sound occlusion

**3M Classic III Stethoscope** *Call for colors* Double-sided chestpiece. 150 gr. 2 tunable diaphragms. Convertible open bell. 5 year warranty..

#### **3M Core Digital Stethoscope**

Connects to Eko software to visualize and share heart sound waveforms. Up to 40x amplification (at peak frequency, vs. analog mode). Active noise cancellation reduces unwanted background sounds. Toggle between analog and amplified listening modes Softsealing ear tips provide an excellent acoustic seal and comfortable fit. Tunable, dual-sided stainless steel chestpiece with open or closed bell. Designed for use with adult and pediatric patients. FDA-cleared and HIPAA compliant. A new class of clarity the CORE Digital Stethoscope features the outstanding acoustics, comfort and quality of a Littmann cardiologygrade stethoscope enhanced by powerful digital technology. All black or w/colored chest piece.

Drapes (2),  $24" \times 24"$ 

## **VEE** Ultrasonic Cleaners

High frequency sound waves are used to produce more than 40,000 alternating high and low pressures per second. As these waves travel through a specially formulated cleaning solution, millions of microscopic bubbles form and violently implode. This process, known as cavitation, creates a scrubbing action capable of cleaning up to 16 times more efficiently than hand scrubbing. In minutes, all body fluids and foreign particles are removed, even from the tightest grooves, cracks, and interior surfaces of the instrument being cleaned.

■ Control panel with 3-color LED display

■ Super sized ultrasonic transducer: 45mm industrial grade; 30% more power than standard

- Drainage valve
- Includes stainless steel basket
- Two cooling fans improve heat dissipation
- AC 110v 50/60Hz
- 1-vear warranty
- ETL (USA), CETL (Canada)

## **Ultrasonic Scaler/Polisher Combo Unit**

- Contemporary design with a small footprint
- Operation frequency 25kHz
- Includes in-line water filter, 2 inserts (1 spatula, 1 universal), micro-motor, polisher handpiece, prophy angle, prophy cups and paste starter kit
- Comes with quick release attachment for water tank (optional) set-up
- Large, easy to read LED power display
- Micromotor variable speed 2,000-30,000 rpm with forward/reverse
- Foot pedal operation
- Optional drilling and sectioning attachments available
- 6-year limited warranty (90 days on inserts and prophy angle, 1 year on the handpiece)
- Dimensions: 6"L × 8"W × 3.5"H; Weight: 6.5 lbs.

Combo unit with the popular Piezo handpiece. Sleek design at an affordable price!

- Contemporary design with a small footprint
- Operation frequency 29kHz
- Includes in-line water filter, 3 scaler tips (2 spatula, 1 universal), micro-motor and polisher handpiece, prophy angle, prophy cups and paste starter kit
- Comes with quick release attachment for water tank (optional) set-up
- Micromotor variable speed 2,000-30,000 rpm with forward/reverse
- Large, easy to read LED power display
- Foot pedal operation
- Optional drilling and sectioning attachments available
- 6-year limited warranty (90 days on tips and prophy angle, 2 years on handpiece)
- Dimensions: 6"L × 8"W × 3.5"H; Weight: 6.5 lbs.

## **Premier Ultrasonic Scaler/Polisher**

- 6 year warranty on circuit boards, 2 years on all other internal components; 2 years on scaling handpiece (detachable for easy replacement); 6 months on micromotor, prophy heads; 90 days on ultrasonic inserts
- Complimentary loaner program
- Powerful 25k magnetorestrictive frequency inserts
- Will work for periodontal scaling on lower setting
- 25% power increase setting for use on heavy tough calculus
- Foot pedal operation
- Includes 2 inserts: 1 universal and 1 spatula tip; periodontal insert optional
- Micromotor Swiss made: no lubrication needed, speeds of 450rpm to 12,000, wide enough range for drilling or polishing
- Accepts metal prophy head "U" style included (J-1180D3)
- Other cutting and drilling accessories are optional
- Male quick release water line
- Includes prophy cups and paste

#### **Premium Ultrasonic Scaler**

- 6 yr. warranty on circuit boards, 2 yrs. on all other internal components; 2 yrs. on scaling handpiece (detachable for easy replacement); 90 days on ultrasonic inserts
- Complimentary loaner program
- Powerful 25k magnetrorestrictive frequency inserts
- 25% power increase setting for use on heavy tough calculus
- Foot pedal operation
- Includes 2 inserts: 1 universal and 1 spatula tip; periodontal insert optional
- Male quick release water line

## National Brands

## **Odor Control Products**

**L.O.E. Laundry Odor Eliminator** – Works on any machine washable item (towels, blankets, kennel bedding, scrubs). Specially formulated for animal care facilities. Not a mask; not an ensyme. Completely safe, no harsh chemicals. 32 oz. Concentrate.

**Cat Odor-Off** – Eliminates odors in carpets, upholstery and other porous surfaces from urine, tomcat spray, feces, emesis and more. Works where other products haven't and won't. 16 oz. Concentrate; 16 oz. Soaker.

**K.O.E.** – ELIMINATES, not masks, even old, impregnated odors from cages, runs, walls and other large areas. ECONOMICAL – only <sup>1</sup>/<sub>4</sub> oz. (not 1 oz.) per gallon of water. 8 oz. Self Measuring; Gallon.

**Skunk Off** – Removes all traces of skunk spray from dogs, other pets, people, cloths, cars, homes – anybody or anything a skunk has sprayed or anything a skunk-sprayed animal has rubbed against. 8 oz. Soaker; 8 oz. Shampoo; 32 oz. Spray; Gallon Shampoo.

**A.O.E.** – Eliminates, not masks, odors from anal gland secretion, tom cat spray, necrotic tissue, urine, feces, emesis, etc. Also available in a tub of 80 disposable wipes. 8 oz. Spray; Tub (80 wipes).

**Dog Odor-Off** – Eliminates dog odors including body odors, urine, feces, emesis and necrotic tissue. Use on dogs, accidents, cages, bedding – anywhere there is a related odor problem. 8 oz. Spray; 16 oz. Soaker.

## **DENTAL PRODUCTS**

## twist Prophy Angles

Ergonomically designed with a 90° reciprocating "back and forth" rotating motion. Provides continuous contact and pressure on the tooth surface without catching muzzle hair or whiskers! **Twist Prophy Angles** – Firm, 100/Box

**Prophylaxis Paste w/Fluoride** – Medium Grit, Mint, 100 Cups/Box

**Disposable Prophy Angles** – Fits all slow speed doriet-style handpieces. 100% guaranteed to last an entire prophy. Lubricated. ADA approved. **J-0452D12** Box of 12

**Prophy Cups** – Designed to minimize paste splattering. Easily adapts to contours of teeth. Soft cups easily reach under the gingival free margin to remove plaque.

J-0452d6m Snap-On Rubber Cups. 144/package

**Prophy Paste** – High-viscosity, low-spatter formulas. **J-0452D5Q Prophy Polishing Paste.** Grey with flouride. Xylitol free. 1 oz. cups. 200/package. Mint flavor.

# DLS DESIGNED FOR YOU

Wahl understands how important it is to a veterinarian to have long lasting quality, along with efficient, easy to use and maintain cool running products. Wahl takes pride in the products they build and continues to seek new and improved technology for the benefit of our customers.

# ALPHA TECH PET, INC.

#### KennelSol

A broad spectrum germicidal cleaner, deodorizer and disinfectant formulated for animal care facilities. Concentrated formula knocks out pathogens in one easy labor saving step. Effective against viruses (including canine parvovirus), bacteria, and fungi. No rinsing necessary. Wintergreen fragrance.

Pint or Gallon

### **OdorPet**

Pet odor eliminator and stain remover. Black Cherry fragrance.

Half gallon, 5 gallon or 2.5 gallon

**Gentocin Durafilm** (contains Gentamicin Sulfate and Betamethasone) – For the treatment of external eye infections and inflammation in dogs. Useful for the management of some cases of pigmentary keratitis and pannus.

**Imizol** – Sterile solution containing imidocarb dipropionate for the treatment of dogs with clinical signs of babesiosis and/or demonstrated *Babesia* organisms in the blood.

**Incurin**<sup>™</sup> (estriol) **Tablets** – Treatment for female canine urinary incontinence. Convenient once-a-day dosing.

**Leventa** – Oral solution for dogs. Each ml of solution provides 1 mg synthetic crystalline levothyroxine sodium (L-thyroxine). 30 mL.

**Mometamax Otic Suspension** – Contains gentamicin sulfate, mometasone furoate monohydrate and clotrimazole for treatment of canine otitis externa caused by susceptible strains of yeast and bacteria. 7.5 g, 15 g, 30 g.

### **Optimmune Ophthalmic Ointment**

Contains 0.2% cyclosporine for management of chronic keratoconjunctivitis sicca (KCS) and chronic superficial keratitis (CSK) in dogs.

**Orbax Oral Suspension** – Once-a-day oral suspension for cats and small dogs containing orbifloxacin, a synthetic broadspectrum antibacterial agent. 20 mL.

**Otomax Otic Ointment** – For treatment of canine acute and chronic otitis externa associated with yeast and/or bacteria susceptible to gentamicin. 7.5 gm, 15 gm, 30 gm, 215 gm.

**Panacur C** – For treatment and control of roundworms, hookworms, whipworms and tapeworms. Packets: 1 gm, 2 gm, 4 gm. Tub: 1 lb.

**Posatex**® **Otic Suspension** – For treatment of canine otitis externa associated with susceptible strains of yeast and bacteria. 7.5 gm, 15 gm, 30 gm.

**Salix** - For treatment of edema associated with cardiac insufficiency and acute non-inflammatory tissue edema in dogs, cats and horses. 12.5 mg, 50 mg.

**Schirmer Tear Test** – Diagnostic test to measure the rate of tear production in dogs' eyes. Used in the evaluation of conjuctivitis to diagnose tear deficiency as a contributing factor to ocular surface diseases and to assess lacrimal gland function prior to cataract surgery.

### **Tri-Heart Plus Chewable Tablets**

Contains ivermectin and pyrantel. For use in dogs to prevent cnine heartworm disease. 68 mcg, 136 mcg, 272 mcg.

**Vetsulin** – The only FDA approved insulin for use in diabetic dogs and cats in the USA.

### Sentinel Flavor Tabs and Spectrum Chews

Comprehensive coverage against heartworm disease and intestinal parasites, with added protection against immature flea life stages. Sentinel Flavor Tabs treat and control adult stages of tapeworms, hookworms, roundworms and whipworms. A once-a-month dose given along with a meal. Sentinel Spectrum Chews also contain lufenuron, which gives the added benefit of preventing flea eggs from hatching. Also a once-a-month dosing in a soft beef and bacon flavored chew that dogs love.

### **Bravecto** (fluralaner)

The active substance of Bravecto™, fluralaner, a new ectoparasiticide belonging to the isoxazoline group, is systemically active against fleas and ticks (black legged tick, American dog tick, and brown dog tick), delivering protection for up to 12 full weeks in Extended-duration Bravecto. It also kills lone star ticks for eight weeks. Presented in a highly palatable flavored chew for dogs. Bravecto 1-Month Chews are for protection from ticks and fleas in dogs and puppies 8 weeks of age and older and weighing 4.4 lbs. or greater. Extended-duration Bravecto Chews are for dogs who have reached 6 months of age. It is also available as a spot on topical solution for both dogs and cats. Bravecto Plus is a 2-month topical for cats.

### **VetPen**

VetPen is the first and only insulin pen designed exclusively for diabetic pets.

# Enables pets to receive more accurate doses consistently.

- Precision instrumentation allows the same dose to be easily set by simply turning a dial, minimizing the chance for dosing errors
- Great for small doses VetPen enables precise doses to be selected down to 0.5 units. Even when doses were drawn up by trained laboratory technicians, syringes were found to deliver at least 20% to 25% more insulin than needed for a 1-unit dose11

### Provides greater convenience.

- Ergonomically designed for easy handling, even for owners with visual or manual dexterity issues
- Multi-dose insulin cartridges require fewer steps to prepare doses once primed (air removed)
- Portability allows owners to give their pets injections anywhere (refrigeration of cartridges is recommended during storage and usage)
- 97% of pet owners reported that VetPen was easy to use overall and they had no difficulty learning how to use VetPen3

### Available in 2 sizes.

- 8 IU VetPen with dosing increments of 0.5 IU
- 16 IU VetPen with dosing increments of 1 IU

### Starter kit provided.

• This starter kit provides owners with detailed instructions, needles, a needle remover, and a handy travel pouch.

### Modern Veterinary Therapeutics

### Canine Parvovirus Antigen Test Kit

An easy to use immunochromatographic test for the qualitative detection of canine parvovirus antigen in canine feces.

- Two year shelf life
- Room temperature storage
- Small sample volume
- Detection of pathogenic strains of CPV
- Highly sensitive and specific
- Fast results within 5 min
- Simple and easy to use

Available in 10 tests.

### Heartworm Antigen Test Kit

An easy to use immunochromatographic test for the qualitative detection of *Dirofilaria immitis* in canine serum, plasma, or whole blood.

- Free confirmatory test
- Two year shelf-life
- Room temperature storage
- Highly sensitive and specific
- Fast results within 5 minutes
- Simple and easy to use
- Small sample volume (40ul)
- Highly purified antibodies produced by biotechnology for the detection and capture of heartworm antigens

Available in 10 tests, 100 tests.

### One-Step Heartworm Antigen Test Kit

An easy to use immunochromatographic test for the qualitative detection of *Dirofilaria immitis* in canine serum, plasma, or whole blood.

- One Step only
- FREE Confirmatory Test
- Two Year Shelf Life
- Room temperature storage
- Highly purified antibodies produced by biotechnology for the detection and capture of heartworm antigens
- Highly sensitive and specific
- Fast results within 5 minutes
- Simple and easy to use
- Works with serum, plasma and whole blood
- Small sample volume (80ul)

Available in 10 tests, 100 tests.

### CarboGel™ Activated Charcoal Gel

Maintenance of intestinal health and support of digestions by aiding in the neutralizing of gasproducing food combinations. Promotes normal stool quality and bowel health. Available as a gel for use in dogs and cats.

Strength: 72 g, 30% w/w Available size: 60 mL

### CarboPrime™ Activated Charcoal Gel

Maintenance of intestinal health and support of digestions by aiding in the neutralizing of gasproducing food combinations. Promotes normal stool quality and bowel health. Available as a gel for use in dogs and cats.

Strength: 78 g, 30% w/w Available size: 60 mL

# miltox Instrument Prep Enzyme Foam

For precleaning of soiled instruments and scopes (rigid & flexible). Ideal for where instrument cleaning is not immediately available. Active enzymes work to breakdown blood, mucous and other bio burden for reduced cleaning time. No water dilution required. Easy and safe on metals, plastic and rubber materials. 24 oz. spray bottle jar

# **Surgical Instrument Cleaner**

For surgical instruments, glassware, plastic, metal, or rubber goods. Neutral pH, biodegradable, free rinsing without residue. Phosphate-free formula can be used in ultrasonic cleaners and as pre-soak. Concentrated liquid in 8 oz. bottle makes 32 gallons of solution.

### **Instrument Stain Remover**

Special powdered formula removes stains and tarnish, restores luster to surgical instruments, autoclaves, ultrasonic cleaners, stainless steel counter tops, trays and stands. 3 oz. jar

### **Spray Lube**

Non-silicone based surgical instrument lubricant. Steam permeable, non-greasy, anti-corrosive. Use on box locks, screw locks, scissors blades, all moving parts. Apply after cleaning and before autoclaving. 8 oz. pump spray bottle

# Multi-Functional Intensive Care Unit

This newly design ICU is a must have for any veterinary hospital that aims to provide quality care to critically ill patients. Our Multi-Functional Care Unit is a cost-effective solution for care providers in need of providing, post- natal care, post-surgical care, avian and exotic care, respiratory care, and an overall comforting and therapeutic environment for critically ill.

**Controlled Temperature.** Each unit comes with programmable and adjustable temperature settings that range from 59°F-102°F. The unit quickly heats to your desired temperature within 5-20 minutes.

**Controlled Humidity.** The programmable and adjustable humidity settings vary from 40% humidity to 80% humidity with a very easy to use water tank. The LED display will alert you to low water levels in the water reservoir.

**Oxygen Monitors.** Integrated into the ICU is an oxygen sensor. You can set the sensor to alert you should the oxygen levels within the unit go below your desired concentration.

**Nebulizer.** An external nebulizer can be fully integrated into this machine's functions. You will be able to set nebulization for 10- or 20-minute intervals using the unit's control panel. (Optional)

**Therapeutic Lighting.** This multi-functional care unit is also equipped with 10 stage amber lighting, allowing you to provide a therapeutic environment for all your pet patients.

**Negative ION Generation.** This machine also has the capability of creating negative ions. Useful for creating a healing environment.

**UV Lighting.** Included in the functions of this machine is an Ultraviolet disinfection light, allowing you to help maintain an environment that is sanitary and free from any cross contamination.

**Easy to Clean.** With easy to remove floor grate and drain pan, we have made this unit very easy to clean. Just a slight pull of the bottom tray will make cleaning animal waste easy.

### **Dimensions:**

Loading Capacity: 40lbs

External Dimensions: 34.25"L  $\times$  19.68"W  $\times$  18.31"H Internal Dimensions: 23.25"L  $\times$  14.56"D  $\times$  15.75"H 110 AC

**Weight:** 33 lbs.

### J-484m Deluxe Bovie Electro Surgery Unit

This is a top-of-the line Electro surgical unit made by the original Bovie Company. They first invented the Electro surgical unit in the 1920s. The complete table top unit is fitte with veterinary specific equipment.

Five modes: cutting, cutting/coagulation, coagulation, fulguration, bipolar.

- User has option of handpiece finger switch or foot control
- Rotary dial operates power; shown in 1 watt increments via LED readout
- Reusable body pad (ground plate)
- Built-in bipolar (requires optional foot pedal)
- Five <sup>3</sup>/<sub>32</sub>" electrodes; interchangeable with other same size brands
- 10<sup>1</sup>/<sub>4</sub>"W x 5<sup>1</sup>/<sub>2</sub>"H x 10"D, 14 lbs.
- U.L. approved

Accessories Included:

- Two Disposable Handpieces (J-484md1a).
- Autoclavable Handpiece (J-484md1c).

### J-166rm Mini Respiratory Monitor

This tiny—smaller than a cigarette pack—monitor makes a great apnea alert monitor. The small microprocessor beeps with every breath with a very high sensitivity.  $\frac{1}{2}$ " W ×  $2\frac{1}{4}$ "L ×  $1\frac{1}{2}$ "D.

- Auto shut-off. If you forget to turn it off, it will turn itself off.
- Battery. A high density long-life lithium batter will provide years of service.

### **Doppler Ultrasonic Blood Flow Monitor**

### **J-563** *Complete Unit* with small, flat probe

Non-invasive blood pressure monitoring. Hypertension (high blood pressure) is often overlooked during diagnosis, treatment, and routine physical exams in small animals. In addition, many hypotensive (low blood pressure) patients, such as those suffering from shock, benefit greatly from Doppler measurement of blood pressure when knowing the pressure can mean effective and timely treatment.

Combining Doppler with an appropriate size "cuff" for small animals, provides the veterinarian with the same, non-invasive method for testing blood pressure as is available in human medicine.

A small probe is placed over a peripheral artery (e.g., digital or coccygeal). An ultrasonic crystal in the probe transmits pulse wave sounds back to the amplifier. The pressure cuff is then placed proximal to the probe. The cuff is inflated until the pulse sounds are no longer audible. The cuff is slowly deflated, using the manometer, until pulse sounds are audible once more, at which point the manometer displays a numeric value of the animal's systolic pressure.

- Lightweight, hand-held unit
- High-quality, veterinary-specific sphygmomanometer Headset included
- Comes with two cuffs (2.5 cm and 5.0 cm)
- Runs on 9-volt battery (included)
- Complete with carrying case

# **Doyen Forceps**

# **StaySafe Self-Sealing Bottle Closures**

This patented product allows a luer slip syringe to repeatedly withdraw oral liquids from plastic amber pharmacy bottles. The StaySafe is pressed into bottle opening.

Features flexible sealing rings for compatibility with a range of bottle sizes. Size 24 fits snugly into most bottles with necks in its I.D. (inner diameter) range of 15.5mm-18.25mm.

Bottles should be selected for smooth inside necks sized with the stated inner diameter range. A smooth neck optimizes the

SKU	Size	Min	Mid	Max

# Infusion Stand, Clutch Collar

Improved model with base ring for additional stability. Two hooks and clutch collar height adjustment, on 2" casters.

**Cochran IV Splint** 

For the problem of administering continuous or uninterrupted IV drip to an unattended small animal patient. The cephalic vein is easily occluded when an animal is in a sternal position with the elbow in flexion. This splint allows the animal to lie comfortably and ensures a continuous IV flow. Enables you to extend the patency and longevity of an IV catheter and administer a more continuous and even flow of IV fluids to critically ill patients.

Adjust Over Metacarpal Wing Nut

# FLUID ADMINISTRATION

### **Fluids**

- Integral hanger slot provides added safety, ease of use
- Bold labeling on container permits rapid identification of fluid contents
- East-to-read graduations on both sides of container facilitate determination of infused volume
- Short, sturdy medication port aids in uniform mixture of the drug with the solution; allows for visualization of the needle and tip during insertion and injection, minimizing the chance of container punctures
- Prominent display of expiration date
- Long administration port allows a firm grip when inserting the administration set, reducing the chance of touch contamination
- Administration port protector helps ensure aseptic technique by guarding the administration port until the time of use

### Infusible 1 Liter

Pressure infuser for collapsible IV bags. IV bag fits inside mesh and nylon bag.

A rubber hand pump attached to a 3-way stop cock allows bag to be filled with air, which exerts pressure on the IV fluid bag. **J-320P** 

# **VetPro Color Vision Infusion Pump, Baxter**

- High Resolution Color Screen A large multi-colored display with exceptional contrast level lets you read all relevant infusion data on a single screen.
- *Money-Saving Rechargeable Battery* A recent cost analysis estimates a savings of \$600 per pump per year.
- *Pre-Detection of Increase in Downstream Line Pressure* helps the clinician to detect potential catheter problems at an earlier stage.
- *Post-Occlusion Bolus Reduction System* delivery of false boluses following a downstream occlusion event.
- Built-in Free Flow Protection Administration Sets include an integrated anti-siphon to meet JCAHO guidelines

# icare TONOVET

Plus

# by Jorvet

# The new generation tonometer for quick and easy veterinary IOP measuring.

- Easy to use and fully automated
- Faster results
- More comfortable for the patient, no topical anesthetic
- Positioning Indicator Lights
- Clear User Interface
- Automatic Measuring Option
- Higher accuracy at higher and lower IOP
- In clinic training available
- Instructional DVD included
- Held upright in a natural, ergonomic position like an ophthalmoscope for optimal readings.
- FDA approved for human medical use (iCare model) *Includes*: Attractive storage case

**Diagnostics** 

# LAB EQUIPMENT

**Heparinized Tube** – Pre-calibrated tube marked with black calibration at 60 microns (micro meters). **J542** 

**MicroHematocrit Capillary Tube** – For both safe blood collection as well as microhematocrit determination. Packaged in protective snap cap vial.

**Red Tip** – Heparinized tube. 100 tubes/vial. **J543 Blue Tips** – Plain tube. 100 tubes/vial. **J544** 

**Sealing Clay Tube Sealer & Holder** – Disposable, plastic holder with special clay-like substance. Holds up to 48 capillary tubes identified by numbers. **J545** 

**Card-Type Hematocrit Tube Readers** – 4<sup>1</sup>/<sub>4</sub>" × 7<sup>1</sup>/<sub>2</sub>", vinyl laminated plastic. Use with any sealed or capped 75 mm tube. Base line below tube allows direct reading of sealed tubes. **J501E2** 

**Coplin Staining Jars** Plastic. J814

**Clinical Refractometer** – Clinical hand-held refractometer. Quick & accurate urine specific gravity plus serum total protein measurements. Adjustable focus. Temperature compensated. Protective case. 7"L. **J351** 

**Centrifuge Tubes** – Disposable, graduated. 15 mL. Conical bottom. Polystyrene. Box of 100. **J546A** 

**Neubauer Hemacytometer** – Designed especially for counting blood cells with the "unopette." Double rulings are visible through a wide range of illumination. Neubauer rulings are 0.1 mm below cover glass. The "H"-shaped moat offers two counting areas. Fused rhodium on glass provides distinct lines. **J821**.

**JorVet Dip Quick Stain** – For use in blood cell differential counts or general cytology stain. Gives coloration similar to standard Wright-Giemsa stain. Rapid 3-step procedure can be done right in the wide-mouth 180 mL container in 15 seconds. Bulk refills can be purchased.

*Introductory Kit.* One 180 mL wide mouth bottle of each of the 3 different components. **J322** 

Bulk Refill Kit. 500 mL each of the 3 different components. J322A Fixative. 500 mL. J322A1

Component #2 red stain. 500 mL. J322A2

Component #3 blue counter stain. 500 mL. J322A3

**JorVet Gram Stain Kit** – Many uses (i.e.: quick check on a swab from a severe otitis or a stain from an isolated culture). Four 250 mL bottles. **J323** 

Note: Gram Stain method does not allow the microscope slide to be dipped right into each bottle of stain.

**New Methylene Blue** – For many veterinary applications, from reticulocyte count to estrus vagina smears. 250 mL. **J324** 

### UltiCare iPet Pro Blood Glucose Monitoring System

**Kit** – For dogs & cats. Large LCD screen and memory which stores up to 500 test results. Includes: 25 test strips, glucode chip, lancing device, 30 lancets, control solution, carrying case, user manual, quick reference guide, logbook.

UltiCare iPet Test Strips. 25 count or 50 count.

UltiCare iPet Control Solution. 4 mL, 2 count.

# **MISCELLANEOUS**

### **Bovie Disposable Cautery Unit**

**Multistix 10-SG** – Test for ph, protein, glucose, ketone, blood, bilirubin, urobilinogen, nitrate, leukocytes, specific gravity. 100 per bottle.

**Penlights – Disposable** – White, disposable penlight has pre-focused bulb and clip-switch. 6-pack includes 2 "AAA" batteries.

**Silver Nitrate Applicators** – Mixture of 75% silver nitrate and 25% potassium nitrate. Reuseable foil pouches to ensure moisture control and lasting freshness.

**Thermometers** – Digital Thermometer with beep.

**Alcohol Dispensers** – Handy pump bottle. Great in the exam room for alcohol wipes pre-injection in vaccinations. 8 oz. amber polypropylene bottle.

**DTM Dermatophyte Culturing System™** – Large mouth vial. Easy to use: Inoculate medium with hair, nails, or skin samples and incubate at room temperature. Accurate: an orange to red color change will occur in the presence of dermatophytes in as few as three days. Common dermatophytes: microsporum canis, microsporum gypeseum, trichophyton mentagrophytes, trichophyton tonsures, trichophyton rubrum, epidermophyton floccosum, trichophyton terrestre. Box of 10.

### **Medical Imaging Assistance Ultrasound Gel**

Electroconductive gel used to facilitate the ultrasonic pulsed echo imaging system. Acoustically correct for a broad range of frequencies. Aqueous, will not stain clothing or damage transducers. Fragrance free. Bacteriostatic and non-irritating. Non-greasy. 5 liter jug.

# BLOOD COLLECTION/ TRANSFUSION

### **Serum Separation Tubes – Corvac**

Available in 5 mL, 7 mL or 10 mL. Box of 100.

#### **Vacutainers**

2 mL, 3 mL, 5 mL, 7 mL or 10 mL. Red or lavender.

### **Quick-Lock Tourniquet**

J-130 With 32" neoprene cord.

**Neoprene Cord** – J-130R 32" for tourniquet.

### 450 mL Single Collection Unit Prefilled CPDA-1

CPDA-1 is the anticoagulant of choice in human blood banking. After collection, stored blood will have a 35-day shelf life. Bag comes with 16 g diamond point non-detachable needle plus double spike ports. **J-520** 

# Diagnostics

# **HEARTWORM & FECAL DIAGNOSTIC AIDS**

**Fecalyzer Kit by Vetoquinol** – Fecal analysis system. Box of 50.

**Fecatector** – Fecal analysis system. Box of 50.

**Fecasol Solution** – Per gallon.

**Fecal Kits-Ovatector** – 100 each: Fecal collection containers, floatation cylinders, strainers and application sticks. Also includes a special marking pen.

**Fecal Cups** – Fecal collection containers. Box of 100.

**Fecal Loop** – Reusable plastic loops. 4.5" or 9".

**Sheather's Sugar Floatatin Solution** – Media with gravity of 1.27, high enough to float any ova.

J-1028 500 mL bottle

J-1028g Gallon

# **STETHOSCOPES**

**3M Littmann CORE Digital Stethoscope** – Snap tight, soft sealing eartips conform to ears for excellent acoustic seal and comfortable fit. Up to 40x amplification at peak frequency (125 Hz), vs. analog mode and active noise cancellation to reduce background noise. Quickly toggle between analog and amplified listening modes; and use the tunable diaphragms on both sides of the 2-sided chestpiece to hear high/low frequency sounds. Connects to Eko software (subscription required; more at ekohealth.com/ai), allowing you to visualize heart sound waveforms in real time. Use AI to aid in the detection of heart murmurs.

**3M Cardiology IV Stethoscope** – Tunable diaphragm: High or low frequency by slightly adjusting pressure on the chest-piece. Dual-lumen tubing: 2 sound paths in 1 tube eliminates the rubbing noise of traditional double tubes. Angled eartubes align with ear canals. Made in USA. *Call for colors.* 7 year warranty.

**3M Master Cardiology Stethoscope** – 27"

**3M Master Classic II Pediatric Stethoscope** 

**3M Master Classic III Stethoscope** 

**3M Esophageal Stethoscope** – Attaches to standard stethoscope 20" L. 12 FR, 18 FR, or 24 FR.

4-Ply Non-Sterile • Non-Woven General Use

Manufactured with material that uses APEX\* technology. Using state-of-the-art laser imaging techniques, fabrics are created with unique textile-like properties with the look, feel, strength, and durability of traditionally woven or knit fabrics with added absorbency.

- More absorbent than traditional sponges
- Maintains shape and texture during use
- Produces little or no lint
- Easily releases from incision/extraction sites
- Will not stick to surfaces
- Ideal for cleaning and/or prepping

Each battery has a 120-minute run time and requires 75 minutes to charge. It offers an ergonomic design and constant speed control to deliver more power and torque in tough areas; includes a 5-in-1 adjustable blade which easily adjusts between cutting lengths of #9, #10, #15, #30, and #40.

**KM Cordless Clipper** – Lithium Ion battery provides 2 hours of cordless run time. Cord/cordless capability. Quick Charge gives 15 extra minutes of clipping for every 10 minutes it charges. Ergonomically designed. Includes a #10 Ultimate Competition series blade for faster, smoother clipping. Constant Speed Control automatically delivers more power and torque in tough areas. Two powerful speeds: 3,000 & 3,700 SPM. Backed by a 5 Year Free Warranty.

**Figura Lithium Ion Cordless Clipper** – Ideal for all coat types. Offers professional power with up to 6,000 strokes per minute and 90 minutes of run time. Clipper requires 180 minutes of charge time with an optional 10 minute quick charge for an additional 5 minutes of runtime. Features 5-in-1 blade technology with adjustable blade sizes #9, #10, #15, #30, and #40. Slim, quiet, and lightweight with a unique curved design to fit comfortably in your hand while grooming. Includes clipper, 5-in-1 detachable blade set, charge stand, four attachment guide combs, 9-inch storage case, cleaning brush, blade oil, and instructions.

**Purple BravMini+** – *Includes:* Cordless trimmer, detachable #30 blade, 1 adjiustable attachment guide comb, charge stand, cleaning brush, blade oil, instruction book. 100 min. run time; 12 hour full charge. 5350 SPM.

**KM10 Clipper** – *Includes*: 2-speed brushless-motor clipper with extended motor life of greater than 10,000 hours, #10 blade, oil, and instructions. Ergonomic/lightweight body. 3000 and 3700 RPM.

**Arco SE** – *Includes*: Cordless clipper (Champagne), non-adjustable #45 blade, 2 drop-in NiMH rechargeable batteries, charging base w/indicator light, 4 plastic attachment guide combs, cleaning brush, blade oil, instruction book. 80 minute run time; 75 minute full charge. 5500 SPM. Can use a 5-in-1 blade. *Available in pink and purple*.

**Bravura Lithium** – *Includes*: Cord/ cordless clipper w/battery indicator light, 5-in-1 blade set with 5 adjustable sizes (#9, #10, #15, #30, and #40), 4 attachment guide combs, charging stand base, cleaning brush, blade oil, instruction book. Integrated Rapid Power. 90 min. run time. 180 minute full charge time. 5000 SPM.

**MiniArco** – *Includes*: Professional cordless trimmer, detachable #30 trimmer blade, 2 attachment guide combs, charger, cleaning brush, blade oil, and instruction book. 45 min. run time. 8–10 hour full charge time. 6000 SPM.

Black Chrome Super Pocket Pro, Battery Trimmer – *Includes*: Compact trimmer w/#40 blade, bonus #40 T-blade, 6-position attachment comb, 2 attachment combs, travel pouch, oil, blade guard, cleaning brush, 1 AA battery & instruction book.

**5 in 1 Replacement Blade** – #9 to #40, Fine **Replacement Detachable Blade Sets** – #10 (Medium), #15 (Medium), #40 (Surgical) or #50 (Ultra Surgical).

**BravMini/ChroMini Replacement Blade Set** #30 Fine. Quick, detachable blade resisits rust and corrosion.

**Vetiva Mini** – Ultra lightweight, premium trimmer for tackling the toughest grooming, surgery prep/IV prep, and wound care situations. Quiet, blades are simple to change, and the seamless housing is easy to sanitize. Trimmer battery lasts for 2 full hours. Can be used corded or cordless. Speed control that increases blade speed to overcome blade jams and stalling when trimming in difficult situations. Corrosion resistant and designed to hold up to the toughest jobs. Blade is simple to put on and take off with one hand, and comes with an easy clean feature that helps with hair removal and sanitation. The precision shape of the blade for hard-to-reach spots and cuts at a surgical #45 cut length.

**KMC+** – Long-life brushless motor that runs at 2 high-speed settings: 3,700 & 4,500 RPMs. Textured housing design ensures secure grip for maximum comfort and control. Constant Speed Control automatically adjusts the motor to power through matted and dense coats. Corded and cordless operation, 2-hours of cordless runtime, and a quick-charging lithium-ion battery.

# **DUR-EVER Feeding Bowls**

These durable stainless steel feeding bowls are available in four sizes to accommodate any clinic's specific needs. Inexpensive & easy to clean.

1 Pint 2 Quart 1 Quart 3 Quart

# **Clipper Pocket**

Conveniently stores and protects your clipper or trimmer.
Keeps the tools of your profession out of harms way. Easily mounts on any wall or cabinet. (Screws included.) Made of high impact styrene. Available in black only. Model #72.

### **Blade Rack**

- Conveniently stores up to 10 clipper blades of various sizes.
- Organizes and protects blades.
- Can be wall mounted or placed on counter top.
- Made of high impact styrene.
- Measures 7½" × 5" Available in black only.

## **Orthopedic Power Driver**

A power driver with features making it the best on the market. The power source is a high quality cordless reversible Makita driver drill.

- 12 Volt 3/8" drill
- Includes 2 Lithium ion batteries
- AC charge base
- Torque adjustment collar
- Variable speed 2,000-20,000 RPM
- 30-60 minutes recharge time
- Dual range gears
- Weight : 4.55lbs
- Includes J0238s Drill shroud
- Includes J0238d1 Power drill extension with chuck and key
- LED work light

J-238m Orthopedic Drill set

#### J-238d1 Power Drill Adaptor with Chuck

- 3½" cannulated stainless steel shaft and stainless Jacobs chuck with ¼" capacity
- Converts any standard
   3/8" drill into your power driver

#### J-238sd Disposable Drill Shroud

Fits any size drill. Special material has impervious inner layer. Provides full fluid repellency; top side has adhesive strip. Sterile. 5/pk.

#### J-238s Autoclavable Drill Shroud with Velcro Attachments

Will fit any standard size drill.

Call for Prices on Any Miltex or Jorgensen Orthopedic Instrument

## Orthopedics

## **Carpal Splints**

High impact resistant polystyrene with reinforcement ribs to add structural integrity, reduce flexing, minimize breakage. Patented recess provides free circulation of air under

pad, to reduce development of pressure necrosis. Central curvature allows limb to be placed in resting position.

Toy	$7\frac{1}{2}$ " × 1" × $\frac{5}{8}$ " deep

Medium	$12" \times 1\frac{1}{2}" \times \frac{7}{8}"$ deep
Large	$15" \times 1\%" \times \%"$ deep
X-Large	$18" \times 2" \times 1"$ deep
Carpal Sp	olint Set of 5, one of each

## **Quick Splints**

The latest design in preformed splints for small animal use, it is made of high impact ABS plastic and is scored for individual

sizing. Radiolucent. Excellent replacement for Thomas Schroeder splints. All splints come in a paired left and right leg set. Rear leg or tarsel splint (shaped to follow contour).

Front Set	Rear Set
Small	Small
Medium	Medium
Large	Large

## **Foam Padded Plastic Splints**

Strong, lightweight plastic padded with foam; can be contoured at distal end with addition of moderate heat; modified cutout for carpal pad. Radiolucent-will not interfere with x-ray. Familiar green color.

Small 8" long 1" wide Medium 12" long 11/2" wide Large 16" long 2" wide

## **Jacobs IM Pin** Chuck

New design on the standard instrument for introducing bone pins. An open slot is cut into the handle permitting visibility of the pin as it rests in the chuck. This saves surgery time by allowing the surgeon to check pin depth without having to remove the chuck. The stainless Jacob's accepts K-wires as small as 0.035" and pins as large as  $\frac{1}{4}$ ". The handle and extension piece are a lightweight aluminum alloy. 101/2" length, key included. J-214L

#### **Jorgensen Osteotome**

Shorter length for finer control, suggested for femoral head removal. German. Stainless. 13.5cm (5").

#### J-228a Osteotome

Blade, 10mm W.

#### J-228b Osteotome

Blade, 16mm W.

#### **Gerzog Orthopedic Mallet**

Hollow handle with 16 oz. leadfilled head.  $25 \times 35$ mm head. German. 18cm  $(7^{1}/4^{\circ})$ .

**J-228m** Orthopedic mallet

## **Feline Breathe Easy Inhalant Delivery System**

**Anodized Aluminum Chamber** 

#### A great aid in treating feline asthma has been improved!

The pocket spacer holds a metered dose inhaler (MDI) to deliver medication.

The new pocket spacer is called the Vortex and has threeadvantages over other plastic pocket spacers:

- 1. Anodized Aluminum chamber versus plastic. The anodized aluminum is non-electrostatic and delivers more medication from the MDI to the patient.
- 2. 'Duckbill'shapped valve designed for minimal aspiratory effort, ensures a low loss of medication.
- 3. Vortex Cyclonic aspiratory flow pattern enhances aerosol

#### J-843 Feline Breathe Easy Inhalant Delivery System -Complete kit includes two different sized masks. Directions include suggested treatment regimes.

Cylinder: 43/8"H, 13/4"dia., 1.3 oz.

#### Replacement Masks -

**J-298dd** 1" i.d. widest area  $\times$  1 $\frac{3}{4}$ " vertical i.d. **J-298de**  $1^{1}/_{4}$ " i.d. widest area  $\times 1^{1}/_{4}$ " vertical i.d.

## Smart Oxygen<sup>™</sup> Portable ICU

#### Features:

- Lightweight metal cage is completely covered with clear vinyl canopy
- Various portals allow administration of oxygen
- Nebulization equipment also included
- Plastic tray covers bottom of unit
- Opens on top and zippered close for tight seal
- 25 lb. patient Capacity

#### Suggested Use:

- Respiratory distress
- Pre and post anesthesia
- Nebulization for treatment of respiratory disease

J-1509

## **OT-Elite** 10 Oxygen Concentrator

Oxygen concentrators offer an ideal and innovative system for supplying oxygen to anesthesia machines and emergency oxygen needs. An oxygen concentrator filters and concentrates oxygen molecules from the ambient air to provide patients with 90-95% pure oxygen. JorVet has sold oxygen concentrators for over 20 years for

veterinary application. There are thousands of veterinary clinics across North America using these concentrators. They are delivering oxygen every day resulting in considerable savings for clinics and a fast return on investment.

#### Features:

- 0-10 lpm
- 6-11 PSI outlet pressure
- Standard DISS fitting
- Digital flowmeter
- Low oxygen concentration alarm
- Sound level ≤50dBa
- 25"H × 15"W × 12.5"D. 55 lbs.
- 1 year warranty
- 115V AC

J0744ST OT-Elite 10 Oxygen Concentrator

## Oxydome

The Oxydome oxygen hood delivers oxygen to smaller patients either in a cage or out in the open. Made from clear high quality thin medical

grade plastic, it is held in place by two cylindershaped weights. Three inlet holes allow a choice of positioning oxygen delivery. Perforated head opening allows for size variances in patients. Includes connectors and hoses that allow easy connection to oxygen.

J-1289 Complete Oxydome system - Includes 1 dome, weights, 2 oxygen hoses (7 ft. and 25 ft.), oxygen connectors J-0655 Oxygen hose, 7 ft. 4 pack

## **Anesthesia** Chamber

The Lexan anesthesia chamber provides a simple method of induction. Chamber induction reduces restraint, minimizing stress and reducing the chance

of injury to the operator and animal. The divider system allows three different size chambers within the one unit:  $18" \times 9" \times 9"$ ,  $12" \times 9" \times 9"$ , and  $6" \times 9" \times 9"$ . 10 lbs.

J-265 Anesthesia Chamber

## Order By Fax: 1-717-312-4699

## Jor Vet **Top Line Anesthesia Machine**

- Stainless steel vaporizer end caps Simple toggle switch between versus black plastic (vaporizer not included)

## Reflex One Skin Stapler

Sterile • 35 Staples
Wide or Regular
Visible counter
Audible & tactile feedback

## Disposable Skin Stapler Remover

- Convenient, versatile for minor wound closure and routine surgical incisions.
- Single, versatile product avoids inventory duplication.
- For cat declaws, minor lacerations, abrasions, tooth extractions & other oral surgeries and dew claw removals.
- Complements other skin closure techniques in surgeries like spays and neuters.

One 3ml bottle with 2 dose tips

**JorVet** 

**Regular Surgeon's** 

**Suture Needles** 

Finest Stainless Steel

½ Circle Reverse
Cutting Edge

#### **Wrap Around Eyewear**

**J-676e** Molded wrap styling in durable tortoise nylon frame with leaded side shields. Front & side lenses 0.75mm Pb equivalent optical lead glass

#### **Thyroid Collar**

**J-0678n** New style thyroid collar offers a trim yet shielded and comfortable design. Includes binding and rear hook and loop closure. Standard 0.5mm Pb Equivalency protection in royal blue nylon. 25.5" length,  $10 \times 5.5$ " bib

**J-0679n** Includes edge binding for comfort. Rear hook/loop closure. 18.5" length,  $10 \times 6.5$ " bib

## JorVet K-9 EZ Boy

## Radiographic Positioning Aids

Reduces radiation exposure to staff
Decreases motion, better positioning and
comfort of animals

Available in a variety of shapes, the most popular being the 'V' trough. Two styles:

- **1. Non-coated:** soft open cell gray sponge material provides excellent support and comfort at a less expensive cost.
- **2. Covered:** dark blue nylon reinforced vinyl. Also features hook and loop straps to secure limbs, readily cleaned for quick re-use.

Size: Length x Width x Height		Covered	Non-Covered
Small:	10" × 4" × 3"	J1286	J1287
Medium:	$15" \times 7" \times 5" \dots$	J1286A	J1287A
Large:	$24" \times 11" \times 7" \dots$	J1286B	J1287B
X-Large:	36" × 14" × 9"	J1286C	J1287C
Set of all 4 sizes J1286S J1287S			J1287S

## Jorvet Sand Socks

Sandsocks are loosely filled sandbags that contour to a broad range of shapes and forms.

- Stabilizes hard-to-hold and irregular anatomy
- No need for additional person to hold the animal
- Double seams for strength and longevity
- Flexible, heavy gauge, reinforced vinyl
- Weight label on every bag

Item #	Weight	Size		
J1288	1lb.	2" × 8"

## INSTRUMENTS

#### Dental

#### Schoupe Mouth Wedge

Reduces the danger of slipping with this instrument since it is held in place by the equine cheek area. Inserted without difficulty. It permits greater freedom in treating any part of the oral cavity. Tie rope included. J-38s

#### **McPherson Mouth Gag**

Full mouth gag for equine dental work. Comes complete with leather straps and tooth plates for upper and lower incisors. Stainless steel. J-38mps

#### **Meister Equine Mouth Speculum**

The gold standard for doing proper and thorough equine dentistry. A full mouth speculum. Stainless steel. Includes Biothane straps. Improvements include ridge along ratchet to help avoid side slippage. Recessed areas in upper dental plate for placement of light source (J-38X) included. Caution should be used with all full mouth equine speculums. Be sure set-screw is set properly to prevent slippage.

#### **Carbide Float Blade**

These new blades take alot of the work out of floating a horse's teeth. The carbide metal is very hard and gives a razor sharp edge. This is the new standard in equine dentistry. Blade can be resharpened 3 times. Available in 3 different grits: fine, medium, and coarse. Medium is the most common grit used. Fits any standard flat headed float.  $3\frac{1}{4}$ " × 1". J-57

#### **Flat Float Blade**

With tungsten carbide chips fits any standard float.  $1" \times 3^{1}/4"$ . J-57s

#### Flat Float Blade

This is the float blade made of specially hardened steel, fits all standard size floats. Rasp and rasp. J-58ft

### **Hoof Care**

#### **Hoof Knife**

With small curl, double edge. Blade  $\frac{5}{8}$ "W ×  $\frac{2}{4}$ "L J-34

#### **Hoof Pick**

J-32p

## Stomach & Feeding

#### **Drench Pump**

For administering large doses of fluid orally. A continuous flow pump that puts out liquid on both the up and down stroke. J-132

### **Castration**

#### White's Modified Emasculator

With extra crushing area. Stainless steel. 12". J-36w

#### Small White's

Stainless steel. 8". J-36s

#### **Reimer Emasculatome**

With cord stop for bloodless castration. Includes wrench on all models. J-37 12.5"

J-37c 12.5"

#### **■** *PRICING:*

We make every effort to maintain prices for the duration of a catalog, but we reserve the right to make price adjustments in response to the fluctuating market costs.

#### **SHIPPING:**

All orders are shipped within 24 hours, by FedEx ground service.

Although we require no minimum order, orders under \$100.00 are subject to a shipping and handling charge of \$15.50. FREE shipping on orders of \$100.00 or more in the continental U.S.

For customers in Alaska and Hawaii, orders will be sent FedEx Second-Day Air. HSB will pay the amount that equals to ground service to California and you will be charged for the difference.

#### ■ PAYMENT TERMS:

Credit card: MasterCard, Visa, Discover or Amex. We do not charge a fee to use your credit card unless you are past due. Then it will be a \$35.00 convenience fee.

Net 30 days\*upon completion and approval of our credit application. Interest will be charged 1.875% per month for any overdue balance.

All returned checks will be subject to a fee of \$40.00.

ACH payments are also accepted. Past due balances paid by ACH payments are subject to a \$10.00 convenience fee.

#### **CLAIMS:**

Inspect your order thoroughly as soon as it arrives. All claims must be made within 24 hours of delivery.

#### **RETURNS:**

No merchandise may be returned without prior authorization. HSB will accept merchandise returns from the original customer, ONLY under the following conditions:

- All returns must be arranged in advance by calling 1-800-526-8981.
- Returned goods must be in their original, clean, unmarked, resellable package.

Returns made within: 30 days of the invoice date will be given 100% credit.

31-75 days, 80% credit will be given.

76-150 days, 50% credit will be given.

No credit for merchandise unsuitable for resale because of age, condition of items, obsolescence or expiration date. All Special Order items, close-outs and short-dated items are not returnable.

#### \*TERMS:

In the event the account is not paid within one month of the invoice date, HSB may assign the same for collection and the customer agrees to pay all costs including reasonable attorney, collection and court fees necessary to collect the amount owed.
